Cadet Bugle

We were honored last week end with the visits of old alumni: Carol Taylor, Lois Finkle, Leon Ash, James Witherspoon, and J. E. Pruett.

---o---

Miss Sara Francias Young went home last week to see her beautiful and attractive sister get married. Sara found out how to get her man and brought back some of the wedding cake also.

---o---

First Sgt. Tanner went home last week-end, and before he could leave town they made him a four eyed Cadet.

---o---

The Glee Club dance has the outlook of being one of the best dances of the year. A number of old students are expected to be here for the event.

---o---

Freshmen class officers were elected yesterday as follows:

President-----Manley
Vice Pres.-----Harris
Treasury-----Adams
Sect. R-----Bowers

Fres. Rogers, Prof. Barnes, and Prof. Hutcherson motored to Atlanta last Wednesday on business. We enjoyed the class cuts and hope this will inspire the other instructors to take a trip every now and then.

---o---

The first games of the Inter-mural Basket Ball Tournament were played yesterday. Holcomb and Harold Hardy's teams saw their chances for a chicken supper flit away into the great beyond. Tanner's team defeated Holcomb's team 21-18, and Jeff Stewart defeated Hardy's team by a score of 26-14.

---o---

It's highly probable that we will have both a Y.W.C.A. and a Y.M.C.A. on the campus at an early date.

WAR

It seems to us that we have been glorified on the pages of history. War and soldiers have received the great ovation of historians. We still build statues to great masters of defensive warfare; masters like Leonidas, Garibaldi, Washington, and Wellington. We visit battle-fields where brave men have "poured forth their last measure of devotion."

War has ceased to be the mere contest of arms. Modern warfare means the utter extermination of one or both contestants. What does courage mean to a soldier today when on the march - an enemy unseen, unheard, cuts him down with a shower of lead; when in battle the machine-gun mows down his comrades in deep seaths like grass.

One of the greatest causes of war has been 'public opinion! Men and women have instigated war for selfish desires, when they knew it would take the best of men.

Is it then not practical to ~~try~~ think peace, to hope for peace, to believe in peace.

Peace stands for that is most ideal on earth and for all ambitions for eternity.

---o---

Favorable comment has been heard on all sides on Mr. Brett's talk in chapel last Thursday. Several students have accepted his invitation and paid him a visit. We hope Pres. Rogers will ask him to pay us another visit real soon.

---o---

Fresh popped pop corn seems to be the latest in an attempt to quiet that "between meal" hunger. Want you try a bag, only five cents a bag.

SPORTS

The Inter-scholastic Basket Ball Tournament begins today. The male students have been divided into eight groups and a team will be chosen from each group to play in the tournament.

Couch Stephens has been highly praised on this plan. It encourages boys to come out who think they are too busy for basket ball. It also gives Couch a wider scope from which to pick his Varsity team. To make it interesting, the winning team gets a chicken supper, especially prepared by the "Cooking Dept."

We are all determined to show the President that we can beat our last year's record. We need "pop" in this College and there's no reason why we can't have it. It has been suggested that some cheer leaders be elected so they can be setting up some good cheers. Arrangements are being made to have the gym roof strengthened, cause it won't stay on long if we let out a few mountain yells.

---o---

At present tennis seems to be the most popular sport on the campus, there's a goodly number of "aces" on the courts which will promote some "hot" games in the tournament next spring.

The courts have been fixed up and are being kept fixed up, which is greatly appreciated by all the tennis fans.

---o---

That band certainly gave us a surprise. Most of us had our doubts as to their prowess as real musicians, but we changed our ideas about them. There's no doubt that the N.G.C. Band is the best in the state, and did they get the applause.

---o---

THE DEAR DABBL.

The partially constructed school house must be a fascinating thing by moonlight, judging by the way it is being inspected of late.

---o---

Freshman: "Well, how did I know I wasn't supposed to drag my rifle, you gave trail and did' n't you.

---o---

Wonder what would happen if Coach Stephens should meet a bull without a gun.

---o---

Wonder who the special delivery was for that "Peanut" Bull sent last week.

---o---

It's been whispered about that they are going to give away cakes and sell kisses at the Glee Club Dance; Miss Mundy will be in charge of the kisses.

---o---

Corley paid Atlanta a visit last week-end disguised as a major. He was asked to lead the American Legion Parade but declined on account of his "Athlete's foot.

---o---

The cold that's got such a bad cold should be in the Isolation Ward. Every other Cadet you see has a bad cold.

---o---

Capn. Boatright: "Don't mind me Hebbard, I'm just the Company Commander.

Frosh. Hebbard: " Yes Sir, thats all.

---o---

Jack Hardy (one of the Hardy brothers) entered the "bull shooting" class when he said he got up at 5 o'clock and studied till reveille.

---o---

The "I never Had a Chance Club" with "Fulley-bone" Boatright still its helm, have engaged Jeff Stewart to instruct them in the art of winning a raider's heart.

WOULDN'T IT BE FUNNY TO SEE:

Set. McConnell "STAND SLACK"

Prof. Bush smoking a cigarette

Capt. Carlton running a hundred yard dash

Hebbard with nothing to do

Joe Phillips without a cigar

Prof. Freeman coaching a foot ball team

Neil Stewart with the lockjaw

AnnF Pitard walking by herself

Blondie Willis with black curly hair

Senator Daves dancing with Miss Strother

Prof. Booth with knickers on

Prof. Cain riding a bicycle

Hugh Hill without a mouth

Prof. Sirmons doing the "Buzzard lopc"

Ragsdale with cheverons

Boatright with "knock knees"

Nickleson with hos ears pinned down

Pasley with no ailments

Sara Young without chewing gum

---o---

Roy Rogers has been carried to the hospital in Gainesville. We hope that he will soon be back with us.

Prof. Bush- "Who is the greatest chicken killer a chicken or in Shakespeare?"

Becks- "Macbeth, because he did murder most foul."

---0---

J.S.V. Brown- "Do you see that man standing over there next to the fliver with the golf pants on?"

Prof. Booth- "I see the fellow all right, but where's the fliver with the golf pants on?"

---0---

Prof. Barnes- "Galloway, my boy, if you had fifty cents and you loaned your father thirty cents, and your brother twenty cents, how many cents would you have left?"

Galloway- "I wouldn't have any Prof."

---0---

Here's one for any students of Geography that might exist:

Cook- "Are you Hungery?"

Moss- "Yes, Sir."

Cook- "Don Russia to the table and I'll FIJI."

Moss- "All right Sweden my coffee and Denmark by bill."

---0---

Soph. to Frosh.- "Write me a theme on hizing."

Frosh. to Soph.- "I can't, its too touching, sir."

---0---

At last our one and only Hugh Hill (bro. to D. Hill) has made time with a certain tall blonde from South Ca. "Ave you ever been to Boston, Hughie?"

---0---

Lt. "Frotty Boy" Phillips has "that certain way" of cutting something back on a cut. He believes the pen is mightier than the sword, "Foghorn's that cutting! See you at Mill Ernie."

---0---

The pressing club below Joe's place seems to be a handy refuge for Barn fugitives (especially when the command is given, "Here come the Free.") Submerge Lucy!

The two Fraternities have cast their choice among the freshmen, and both have been wise in their choice for all men seem to be good men this year.

Pledge clubs have been organized in both clubs and the following officers were elected:

Rex Club

President-----John Manley

Vice-Pres.-----Burt

Secretary-----Rushin

Treasury-----Liddel

Sigma Theta

President-----Hall

Vice Pres.-----Booth

Sect. & Treas.--Adams

---0---

The Decora Literary Society invites each and every one of you to attend its regular weekly meeting next Monday night and hear the one and only Prof. Cain speak like the one and only Prof. Cain can do.

---0---

In case some of you haven't heard or read about it, there is going to be a dance down to the gym this coming Sat. night which is sponsored by the N.G.C. Glee Club. Script--"One Scaad"

---0---

The dance last Saturday night at the "College Inn" was as enjoyable affair. The music was made by the college Orchestra and they make only the best. They've got an out of town date, to practice on before they play for another dance here.

---0---

Frosh.- "Whats Port Arms anyway? I thought we were in the army, Port means something in the navy."

Harry Tanner was called home this morning because of his Grandfather's death. We are sure the student body joins us in extending our heartfelt sympathy.

---O---

Roy Rodgers is back in our midst, even though he is using crutches. Here's hoping he will be able to throw them away real soon.

---O---

The basketball tournament rages on but it is in the narrowing stages. Yesterday Stewart won over Tanner and DeFoor won over Mann.

---O---

Did you know that last night was Hallo'ween? You wouldn't have known it in the barracks except for the storm that hit "B" Co.

---O---

We all appreciate the way Pres. Rogers "puts" things to us. He is so nice about it that we can't help but put out every effort for him and to correct our mistakes.

What you say? Let's pull up those marks. Aren't we glad those reports didn't go home.

---O---

Since most of us will be here for Thanksgiving? Why not make it the biggest one Dahlonega has ever had.

SOLILOQUY OF THE BULLGAIN BOARD

Fall hath fallen and resume my duties as a medium of information. The halls that have remained so peacefully quiet are again bustling and resounding with the eager hurried steps of youth. Dirt-daubers who have carried on an uninterrupted campaign for three months, now zoom angrily about the classrooms in search of the oval shaped honeycombed clay objects- their homes that are no more.

It gives me a sort of satisfaction, knowing that I'm the only witness to all that note-passing, those sly, understanding glances that pass between the boys and girls, tears of joy as mothers meet their sons and daughters. I've seen students leave too ashamed of some past act, even to raise their heads. I've seen fathers pass out with an arm around their son's shoulders, all for the world as if they were business partners. I've seen mothers hug their daughters around the waist and heard them plan the future together.

This new class of freshmen appears to me to be on the job and the more disturbing element of last years freshmen did not return. 7/1/66/7/1/66/

~~Zha, Zha, Zha, Zha, Zha, Zha, Zha, Zha,~~
~~Zha, Zha, Zha, Zha, Zha, Zha, Zha, Zha,~~
~~Aba, Aba, Aba, Aba, Aba, Aba, Aba, Aba,~~
~~Saba, Saba, Saba, Saba, Saba, Saba, Saba, Saba,~~
~~Maba, Maba, Maba, Maba, Maba, Maba, Maba, Maba,~~

I hope when the end of the year has swung around, that fathers will be able to say, "I'm proud of you son. You did your best," and mothers will say, "Little girl you've me so happy by trying so hard this year."

They all seem to have work on their minds this year but I've seen some evidences of the love bug. A few of the boys have recovered sufficiently from those first days of school to come back to life. These stand in front of me gazing at me with unseeing eyes or reading me for the hundreth time, members of that affiliated group or unaffiliated group as the case may be. The affiliated students waiting with the hope that their chosen acquaintance may happen along, the unaffiliated with the hope that a prospect for acquaintance may stop by.

I display good news for some and bad news for others, it makes my heart light to see those come up whom I have good news for, and to see them go bounding out the door- happy to tell everybody he sees of his good fortune. It causes my heart to ache to show to all who pass that "so and so" has broken a rule. Then soon he comes along and as he glances at my sad countenance, a cloud of disappointment comes over him. He glances a second time to verify his first look, then with a saddened heart and eyes downcast, gloomily turns away to accept his fate.

I look at the eight months ahead of me with mingled emotions, I see each of you pass by every day and wonder what you are going to do with your future, some of you will succeed and others will not. Time alone will tell, if you were lazy you will regret it, and if you were smart you will look back on your days at N.G.C. with pride.

ARMISTICE

Eighteen years ago next Sunday occurred one of the most memorable events in the history of the world. This was the signing of the Armistice--the end of the World War.

That day carried with it a message that millions had prayed years for. Mothers and wives waited with eager eyes for the return of their loved ones. The glorious vision of world peace once more was realized. The message was, "Peace on Earth; Good Will Toward Men."

Thousands of soldiers came from the trenches, half starved, without sufficient clothes. Their loyalty to their country had carried them there to be victorious--or die. They knew that many of them would never come home, but they knew also that the World must be made safe for Democracy.

Those who died "Over There" died with the promise that they had fought a war which would end all wars. Will America be true to that promise? It seems inevitable that war must come sooner or later, but may we all strive to be true to that promise which we made to those dying soldiers.

To me one of the most touching poems ever written is the one by Lt. Col. John McCrae representing the dead soldiers of France.

In Flanders fields the poppies
 blow
Between the crosses, row on
 row,
That mark our place; and in
 the sky
The larks, still bravely singing,
 fly,
Scarce heard amid the guns below

We are the dead. Short days
 ago
We lived, felt dawn, saw sun-
 set glow,
Loved and were loved, and now
 we lie
In Flanders fields.

Take up our quarrel with the
 foe;
To you from failing hands we
 throw
The torch; be yours
to hold it high
If ye break faith
 with us who die
We shall not
sleep, though
poppies grow
In Flanders
Fields.

An Indian up in the Northern part of Michigan returned for the third time to buy a half a dozen bottles of cough syrup.

Druggest: "Some one sick at your house?"

Indian: "No sick."

Druggest: "Then what on earth is all this cough syrup for?"

Indian: "Wh--me likum on pan-cakes."

IN ACCORDANCE WITH PRES. ROOSEVELT EXPANSION PROGRAM

ARMISTICE PROGRAM

Armistice Day was a nice quiet day, except for the boom of the cannon as the battalion paid respect to the flag.

In the College Auditorium the exercises began with a few selections from the band. Capt. Green, who presided over the exercises, made a very appropriate speech that emphasized the fact that we must be prepared in an armed world. The declamation, "The Sacrifice of An Unknown Soldier" was delivered in a splendid manner by John Marley. Judge Deillard gave a stirring address on the impracticability of the United States disarming at the present time with so much unrest and international disagreement.

We are sure the student body joins in extending our sympathy to Cadet Tootley who was called home yesterday on account of his Grandmother's death.

In two more weeks we will be well on our way home to help the folks get rid of that big turkey and all the trimmings. And also to find out if the girl or boy friend has been true to you.

REVERIE OF THE COLLEGE BELL

For sixty-one years I
have toiled out the swift flight
of time at this institution. I have seen it changed
in name from North Georgia
Agricultural College. In 1935 it
it was changed from a senior
to a junior college. I have
rang on through the years,
years both of prosperity and
depression.

I recall having heard
that probably the only reason
this college was founded was
that the old abandoned mint
building valued at \$70,000
would sell for only \$1,300.
So the building was given to
the state and since the people
of this section had long wanted
a college, North Georgia
College was founded.

I remember that P. F.
Underwood of Hancock County
and V. R. Butt of Union County,
once warm friends, became angry
with each other, armed
themselves with revolvers and
when they met again in the hall
of the Administration Building
each drew his pistol and fired
at each other. Butt yelled
that he was out of ammunition,
so both stopped and it happened
that neither was hurt.

Even though it was a long

time ago I remember when Dr.
R. H. Guilford became a member
of the faculty of this institution
in 1873 and was a member
until 1932 when he was retired.
Seldom had there been such a
record of love, service and
loyalty. In 1877 the school
began its military training
under Lieutenant Joseph Garrard.
In 1908 the military department
received the rating of 100%
excellent, the highest attainable.
The first parade under
Dr. Garrard was through the
streets of Dalton, Ga., the battalion
armed with sticks and
clubs of every description.

Sadly I recall the year
when the college burned, however
the spirit of the institution
was such that it did not
die and classes were continued
in the high school, court house
and the Baptist Church. The
number of students increased
rather than decreased after the
fire. Luckily I was not melted
in the fire as everyone
thought but was lodged on an
arch of one of the middle walls
where I was found by a workman
the next week.

In 1893 a practical joker
stole the cylinder out of me
and I was silent for many months
but through the aid of an
anonymous letter, "Prof."

(con't. from page 2)

I recall sadly the death of "Prof." Roberts, college writer who died in 1922 after 50 years of faithful service.

I suppose that I have been disliked, cursed and sworn at more than anyone else could possibly be. But I have also seen more than anyone else. I have seen cadets crowned with glory and lay these in some new achievement. I have seen heads proudly bowed in defeat, defeated but generous. I have seen men made and broken. I have seen poor freshmen persecuted by hard and ruthless upper classmen untill my poor heart bled for them. Should I mention the many pairs of lovers that I have seen whispering "sweet nothings" into each others ears on the campus. And I shall never forget the expressions on the faces of the many persons that I have seen disappointed in love.

"I wonder why that bell doesn't ring? Jay, old lady-how long before the bell?" I wonder how many times those questions have been asked.

And as the bells toll sadly around me, I look sadly down on the college below me and wonder how many different cadet Officers of the Day and how many freshmen have rung me in the past 61 years.

Edna Grace Holcomb: "I do wish Boteman would get off the campus sometimes. We never do get to take walks like he and Milton End.

We wonder why Capt. Nicholson has been looking so lonesome lately? Oh yes we forget that Miss Mandy has been restricting not only the girls but also the boys.

THE DIRTY DAUBER

So near, yet so far, Clara and George could - if sufficiently urged - explain that was their predicament caused by Miss Munday making an unexpected appearance.

Sent. S. C. A. 11. Sent 11.
Noises resembling "the accused"
from the back-porch one night.
Investigation proved it to be
Miss Monday trying to stop a
cat-fight. She finally suc-
ceeded.

There should be a law against unannounced males being in co-ed's rooms - even if accompanied by Miss Monday. Ida Nell McKinnon wishes somebody had broadcast the fact that "Pee Wee", Dufriest and Kinzey were in her room (along with Miss Monday and Little Bit Fowler) for she certainly would not have made an appearance; at least, not in the scanty costume that she wore.

We notice from a local town newspaper, that Bateman has returned to a C.I.C. camp near Dahlenega. (Does he think so?)

Hugh is one of the ranking Sophomores. (In fact, the rankest)

We wonder why that duck
felt so much at home.

Sarge: "Bateman, did you ever live near a railroad?"

Boatwright is an A number
one Botany student. How were
the flowers Wednesday?

Will those shoes never get here? These summer slippers are mighty cold.

MIRACLE - Freddie in uniform.

FAVORITE EXPRESSIONS

FRANK: "I tried to discourage you and keep you from taking Accounting, but you just wouldn't be discouraged."

FCB: "Bye God!! If I had a head like yours, I'd put it in a hog's nest or do something to get a few holes bored in it."

FA: "Ent dot drum on der down
beat,"

KC: "I think they will fit after you get your other breeches on."

MA: "The grades are not out yet."

Basic One: "I can play as well as Champ Jackson,"

JDB - B(Bo the younger): "Well
Paul and Higgins did it all
last year and they didn't
get caught."

Jim will go to inspection this week, so get that nickel in now."

All of us: "Sorry Joe, but I'll pay you next month."

Did you know that the Skelton boys are not twins or even brothers, but that Eddie is really Marions nephew? Well, live 'n' learn.

Sara: "I'm perfect."
Ernest: "I'm practice."

Captain Charlton says he enjoyed Armistice programs very much. He thinks a nice quiet snooze, everyday, like he had during the program would be very beneficial to his health. ("Here's to bigger and longer chapel programs," says, Le Capitaine.)

ALPHABETICALLY

SEPARATELY

Unless these New Deal
crits
stop pulling bureau out on hats.
I fear that soon we'll have to
get
A new and larger alphabet.

Now, what this country needs
today
Is less and less of U.S.A.
D.U.M.B. and E.U.C.
But ~~far~~ more and more of U.O.D.

For in the sweet bye and bye
Somebody has to pay and P.A.Y.
For all this jack the U.S.A.
Is handing out so free today.

Our star of hope is growing
dim;
We'll soon be on the D.U.M.
We'll struggle starve and
break our necks
To meet the future T.A.X.

Unless I make an N.C. guess
Its time to sound an E.C.S.
And I mean stop at F.D.F.G.

So I beseech you, F.D.R.
Don't stretch the alphabet too
far
My shirt is gone; now, mister,
please,
Don't take away my B.V.D's.

In a fast game Stewart's
furious "Wild Cats" defeated
Ego. Tanner's "Soldier Boys"
By the score of 28-19. At
first it seemed to be a "push-
over" for the "wild Cats" but
the "Soldier Boys" led by that
fast and furious Tanner, stag-
ed a comeback that was short
just 9 points.

Stewart's team was enter-
tained by the Home Economic
Dept. last in the form of a
"good feed". Food was served
between speeches, and the prom-
inent speakers were:

Pres. Rogers, Prof. Hutcherson
Coach Stedman, Fred. Bush,
Tanner, DeBoer, Stewart, and
Ragdale.

BAND TO GET NEW UNIFORMS

The new uniform worn by the drum major at the exercises last Monday will soon become a part of the uniform for all of the Band. It takes \$8.50 to outfit one member of the Band, and as we go to press we are informed that twenty of the twenty-six playing members have been outfitted through the courtesy of members of the faculty, friends in town, co-eds, and the two companies.

The friends in town who have helped make the college band a "dressed up" outfit are:

Vernon Smith
Joe Phillips
Doc Lipscomb
Robert Moore
T. F. Christian
W. A. Housley
Homer Westmoreland
W. A. Whitmore
The College Inn
Dr. H. Head
J. S. Spicer

also the following members of the faculty of the North Georgia College:

Pres. Rogers
P.M. Hatchson
Coach Stephens
P. D. Bush
Captain Green
Captain Carlton
Desmond Booth
Sgt. McConnell

and it is expected that both Company "A" and "B" will go 100%, with the co-eds doing their part with 100%. One of the fraternities has signified their intention of helping out by outfitting one member of the Band.

We would like to ask YOU, as a friend of the Band of our College, to help us with this.

If YOU have a contribution to make to this cause please see any member of the BAND and let them know what you will give.

SOCIETY

Misses Mary Will Fowler, Fannie Turner, Della Morgan, Mildred Wilhite and Fannie Lee Kemmer spent Wednesday afternoon in Gainesville. "Seeing the Sights"

Misses Ann Pittard and Mary Will Fowler enjoyed visits from their families last week-end.

Misses Millie Fran Smith and Opal Ritchie spent the week-end at home.

Miss Edna Austmon of Macon, spent the week-end with her sister, Miss Ruth Aultran last week.

Captain Carlton is enjoying a visit by his uncle from New York.

Corporal Wade is recovering from a bad cold and is expected to be out and drilling by Saturday.

"The Cat's Paw" was a very interesting picture and well attended. We hope that the picture Saturday, "We're Not Dressing" is as good as the posters.

Zeke: "I was kicked out of Brenau."

Co-ed: "But Brenau is a girls school."

Zeke: "Sure! I was kicked out of Brenau."

Joel Martin is in the Band at the University of Florida.

Ralph Miller is attending college in California.

Joel Wood is the highest ranking non-commissioned officer from this college at Georgia this year.

ROY ROGERS IN HOSPITAL.

Roy Rogers was operated on for appendicitis Sunday morning at four o'clock in the Downey Hospital in Gainesville. His condition is not reported serious and we are all hoping that he has a speedy recovery.

COMPETITIVE DRILL.

The first competitive drill and inspection for the SABER and HONOR COMPANY, will be held on Monday, Wednesday and Friday, December 10, 12 and 14. Captain Carlton will conduct this one, which will include everything in the school of the platoon as far as we will have covered by then. One organization will have their time each of the three days. Drawings for the days will be held before the Thanksgiving holidays.

REX DANCE.

The members of the REX PLEDGE CLUB entertained with an informal dance, November 17, at their chapter house. Decorations were in orange and black. During intermission, hot chocolate and wafers were served. Captain and Mrs. Carlton and Coach and Mrs. Stephens were chaperones.

CAMPUS SURVEY.

Prof. Barnes and Sgt. McConnell have started a plane-table survey of the college campus, which when finished will contain ten foot contours of the terrain. Assisting them are: Grubs, Bartee, Davis and Prince.

TAYLOR HURT.

George Taylor was badly hurt when the motorcycle he, Moss and McArthur were riding threw them just outside of Gainesville, Friday. Taylor has returned to college from the hospital and seems to be getting along very good. Moss and Mc were not hurt. Mc losing the seat of his new trousers suffered more embarrassment than hurt.

VISITORS

Old students attending the dance were: Patterson, Pruett, Ash, Westbrook and Butts. Patterson is present editor of a newspaper put out by the Silvertown Tire (Goodrich) Co.

Having competitive drill on Monday is "A" Company; Band on Wednesday and "B" Company on Friday.

What about that cheer-
leader? Any-one had any ex-
perience in that line. We are
looking for a good leader.

To various classes of peo-
ple Thanksgiving means various
things. To the upper Class it
means only another day for lav-
ish meals and entertainment.
To the class just below it means
the day for the inevitable but
none the less enjoyable turkey.
To the lower class it comes
close to the real meaning of
Thanksgiving than to any fo the

classes. To them it is
to get a day to live. It is for
the fact that they have been
able to live for another year
on their meager fare.

There is only one thing
in the minds of the students
of N.G.C. That is the fact
that on Thanksgiving Day every
one, or at least almost every
one, will be leaving for home.

The difference between the
things for which the people
now and the people one hundred
years ago have to be thankful
for is astonishing. In 1734
the people were more thankful
for the quill than the moderns
are for the typewriter, for the
yearly almanac than we are for
the metropolitan journals which
are published once or more every
day, for the flint and steel
than we are for the highly
developed match, for the rude
little cabin than we are for
the skyscraper, for the horse
and carriage than we are for
the automobile, train, and air-
plane.

When we think of all the
things we have to be thankful
for and in the casual manner
in which we take them as mere
matter of course, we think
that we should have more
serious thought and really be
thankful, much more thankful
than we are.

BASKETBALL TEAM LOOKS GOOD

SOCIETY

At last basketball season has started. Coach Stevens has selected a group of men from which he will pick his team. From all reports WE are going to have a good team this year, but it's got to be good to beat last year's team.

The captain for this year's team is Jeff Stewart, Alt. Captain Davidson Hill. Stewart and Hill were stars on last year's team and should be better this year.

We have a stiff schedule this year and we have got to have plenty of pepper and fight to win all the games. Some of our victims will be such formal opponents such as Piedmont, Young Harris, Oglethorpe and others. The outstanding feature of the schedule is that there are to be ten home games.

Everybody wants a winning team. To have one it is necessary for every one to give his or her best support. So come out for the practices and cheer the boys along.

The first team hasn't been selected but the following list gives the positions of players that they are now holding at present.

Coach Stevens gave a fine talk in chapel last Thursday. He asks that we give the team our best support, so let's all do our part.

Captain Raymond C. Hamilton, formerly PMS and T., here was a visitor at church formation last Sunday week. The Captain has just returned from a two years tour of duty in China.

---o---

Misses Jane Sappington and Eleanor Harris spent a very pleasant weekend in Atlanta.

---o---

Misses Mildred Wilhite, Delle Morgan, Frances Turner, Ida Nell McKinnon and Sara Young spent Sunday afternoon with Fannie Lee Kenimer.

---o---

Miss Billie Hardy of Jefferson was the guest of Misses Mildred Wilhite, and Jeanette Gilmore and attended the Officer's Club dance Saturday night.

What charming co-ed has been promoted (?) to the rank of 1st Lieutenant? Notice the insignia she is wearing? Luck to you, "Marble-Dust."

Since when did the Commandant get to having his shampoos in the beauty parlor? That must be tough on Woodys cash register.

The return of Patterson to the campus last week-end brings to mind the extract from a letter of Joel Martins. "Is Patterson back or do you have a good drum-major?". Your guess is as good as the next one.

Have you noticed that Librarians always follow in the foot-steps of their predecessors?

Freshman Kaydet wants to know why it is that freshman co-ed can (s) park on the senior roost.

It seems that Itchabod Pasloy has at least got something started. At least the Band House thinks so.

We wonder how the Captain of the Band got that new name: "Doodle-bug."

How does it feel to be "off the campus" now?

THANKSGIVING DAYS ARE HERE,
THE LATEST OF THE YEAR.

We wonder why there are so many applicants for the job of gym-keeper? It couldn't possibly be that the co-eds need hot water after their physical ed class, could it Holcomb?

It must be tough on Tiger to have an ex-Emory songster take the "one-and-only" to a dance. Jack isn't takinh singing lesson or trying out for the Glee Club is he?

It looks as if the restriction of "Buck" has caused complications in the date business.

Did you know that the man who reviewed the batallion last week won the honor of being the most popular man in the New York Police Department.

Who has 1st sergeant Stewarts pretty shiney whistle?

"Judge Priest" is the picture showing here on the night of December 8th. Will Rogers at his best. Then the next one is "Servants Entrance" with Janet Gaynor, Lew Ayers and Ned Sparks. They look mighty good to us.

Miss Strother can't understand why college men and women make so much noise in the library. A library is a place in which to sit and read, not gossip.

---o---

The barn has trouble with the lights on the west side every night. They just flash on and off and no one can understand why when Miss Munday walks unexpectedly in the room.

---o---

Did you know that fifty percent of the married people in Gainesville were men.

---o---

Did any of you notice that bright look that Sara Young carried around on her face the past week end. That's right- Patterson was here this week end.

---o---

A darker color of the rainbow turned a rosy hue when elated over Prof. Logan's waving at her.

---o---

A certain captain is unable to decide whether blondes or brunettes are more attractive. Shall we take a vote.

---o---

Captian Nicholson has been having a little trouble with his sheets. They shrink up so much during the day that he has difficulty in getting in the bed at night.

---o---

Is the ghost that walks in the Barn after eleven o'clock, that of a former or present occupant. "Wethinks", it is a present, very much alive one.

---o---

A SHORT SHORT STORY

Freshmen recieve report cards.
MORAL: Don't go home Thanks-giving.

---o---

Murphy sho nuff didn't want to stay in the Band judging from the way he treated his instrument.

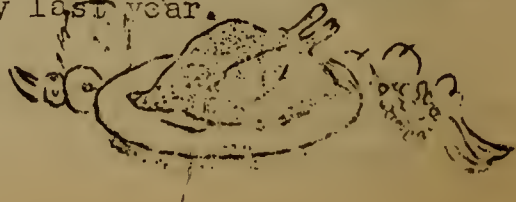

We were mighty glad to hear the announcement from Pros. Rogers this morning that the holidays would start Wednesday afternoon instead of Thursday. We hope that all of us will show our appreciation by trying to make higher and better grades from now on. The entire student body thanks you, President.

Rev. Alton H. Glasure, of Union Point, was the speaker in chapel this morning. It looked mighty like old times to see Glasure up in front of the student body. He was a member of the class of '31, but came to summer school and was graduated before his class. He was a member of the Decora and was always on the Championship debates. Come again, Glasure and bring the Mrs.

Rifles were turned in early this morning and we will drill without arms Tomorrow and will draw the rifles at the drill period Monday.

Chancellor Weltner will be the guest of the faculty at a dinner in the Home Ec rooms tonight. The Chancellor will make an address.

When Glasure was in college he roomed with "Roundhead" Haley. Both were from Commerce. Haley later went to flying school and is now in the services of a South American country, teaching aviation. Glasure abd Haley were both members of the Pi Kappa Alpha fraternity. So was Prof. Barnes, who helped found the chapter here, Prof. Anthony, Prof. Hutcherson and Sgt. McConnell. Boatwright is also a member of this fraternity, being the only cadet in college now who is. Paulk was in Pi K A pledge at Emory last year.

CHRISTMAS

Far across the seas some two thousand

and years ago was born to the world the greatest man that ever lived. He came with a message that was to make millions happy and with a plan of salvation for all. He was born a man but he was truly a son of God.

He was born of man but he was truly the Son of God. He came at a time when men had almost forgotten God and were following the ways of the world. He lived a life of purity and while yet so young gave his life on a bloodstained cross for the sins of generations past and for generations to come. So, on December 25, it is only fitting and proper and surely an honor to celebrate the day of his birth. It is truly an honor and a duty to show our love and respect for one who lived and died for us. Each Christmas the thought is more and more impressed on us of that undying love which He held for us. His words still ring through our ears as the words of an immortal Man. They are as true to us as they were to the men of twenty centuries ago. That still small voice continues to speak to us when we forget the right things we should do. The debt that we owe Him is one that is repayable. We can only strive day by day to follow as near as possible His teachings. We live in an age when Christ and His teachings should mean more to us than ever before. His words should be an everlasting memorial to the greatest civilization that ever existed. May his undying love exist through the ages as a shining light to mankind, and may men always look to him as the Lord of their Salvation. With the beauty of the lilies, Christ was born across the earth. With a glory in his bosom transferred you and me;

LAY I BREAK?

One of the greatest breaches in manners on the dance floor is the habit of breaking while smoking. This practiced extensively under the blanket that most girls smoke and therefore do not object to their partner on the dance floor smoking. While this is to some extent true there are still some girls who do not smoke. There are also some who, although they do smoke prefer to be able to dance to tunes besides, "Smoke Gets (getting) in Your Eyes". It is, we imagine, a very unpleasant feeling for a girl to spend her time wondering if at the next minute hot ashes will fall down her back and burn-up her best evening gown. The boy says that he is always very careful to watch about such accidents and is sure that none will occur in his case. We say that if he spends so much time being careful he doesn't have much time to watch about dancing ~~he/dances~~ and even the best have to think some to dance well.

Dancing with a cigarette in the hand or mouth is not only annoying to ones partner and detrimental to ones dancing but it causes confusion as everyone tries to keep out of range of the fire and will naturally do the unexpected when trying to move off quickly.

Let us hope that the Profs are in a good mood when they correct our papers, cause we need the breaks.

SPORTS

You know we need a good name for our athelitic team. As far as we know there is not an official name for the team, so some of you "lame brains", pardon us, but it would be nice if some pf you would have a "brrain storm" and think up a good name for the team.

After Christmas we start on our official basket ball schedule. In our pratice games we won two and lost two, but let us forget the word "defeat", it will have nothing to do with our team.

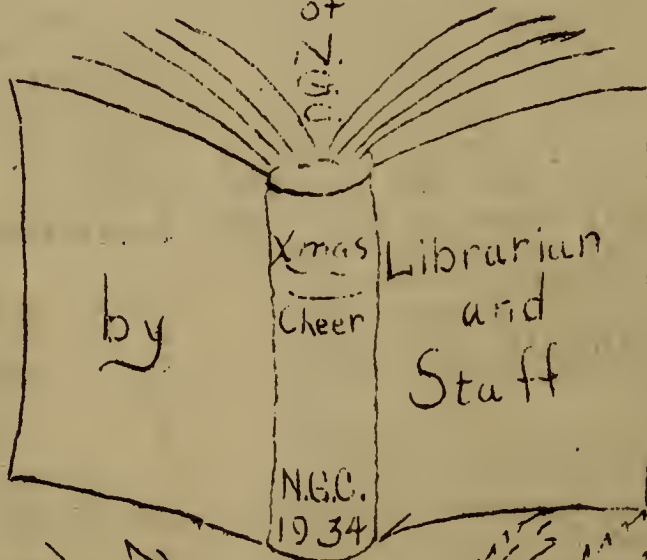

If cheering will help the team win any games there's no reason why we can't win all of them cause we have got the pep, and after Christmas lets throw two or three more logs on the fire and "whoop it up."

Dedicated To

Capt. J. A. Boatright - Lieut. J. A. Brinson
Sgt. Davidson Hill

N.G.C. Dramatic Club starts work on their first production this afternoon. It is "Captain Racket" a comedy in three acts by Charles Townsend.

The play centers around a young married man, Captain Racket, and his pretty wife. The Captain's uncle from Japan makes a flying trip over to visit him and then the fireworks begin.

Under the able direction of Prof. Dismukes we expect a good show.

We will announce the date in a later edition.

We feel that it is only justice to Jack Boatwright, Fred Brinson, and Davidson Hill that we say a few words in this paper about them.

They were liked by all who knew them but they meant the most to the boys of the companies with whom they were so closely associated. In the fraternities of which they were members they held high honors.

Boatwright was President of Sigma Theta, Hill was President of the Rex Club and Brinson was Treasurer of the Rex Club.

As Captain of "A" Co. Boatwright was blessed with the gift of leadership, as Lt. of "B" Co. Brinson was liked by all and as Sgt. in "A" Co., Hill ranked first.

For these three boys we hope the best of fortune and may peace, health and happiness be theirs always.

Let's Watch Our Appearance

Lots of the cadets have been going home quite a bit lately. We are afraid some of them have been a little bit careless about their personal appearance. We are all apt to be a little careless at times. However our personal appearance is very important. People notice our clothes especially. So boys, when we start to wear our uniforms home lets be sure we look neat. Let's have our uniforms pressed, our shoes and puttees shined, and our face washed.

We want to leave a good impression of ourselves and our school on the minds of those who see us. We don't realize how many people notice us when we are hitch-hiking the people with whom we ride and thus get an impression of our school, whether good or bad. If we are neat they think that must be a pretty good school if it encourages habits of neatness to that extent.

So let's remember to always be as neat as possible.

Nuggets on road trip last week.

North Georgia college basketball team had a very successful road trip last week. On Thursday night our blue shirted warriors encountered the strong Gordon Military Institute aggregation in Barnsville. Although they had traveled over a hundred and twenty five miles since noon, and although they did not reach Barnsville until a half an hour before game time they put up a strong battle but lost 21 to 16.

Arising Friday morning two or three hours after John Langdale had blown Reville they motored over to Carrolton where they defeated the Red and White shirted basketballs of West Georgia College 37 to 34.

On Sat. they invaded Lagrange, Coaches old home town, to play Eason Calloway's cotton mill team. Dahlonege completely baffled the spinners and was the victor 40 to 29.

The boys returned home in time to eat english peas and cake with Mrs Green Sunday at dinner.

On last Wed. night our boys motored over to New Holland and were defeated 23 to 19.

Tomorrow night the Nuggets play the dead shots from Reinhardt College. The game is called for nine oclock. Everybody come out and support the team.

## Changes at Parade Thursday

The Cadets had an unusual Parade Thursday with a great change of officer personnel. Capt. Galloway commanded "A" Co. while Lieut. Micham commanded "B" Co.

Capt. Nicholson was Battalion Commander and Capt. Moss acted as Adjutant. In the first Parade the platoon leaders were the same as usual but in the second parade there were some other important changes. Four Freshmen were called out to lead Platoons. They were as follows:

1st plat. "A" Co. .... Johns  
2nd plat. "A" Co. .... McKenzie  
1st plat. "B" Co. .... Burch  
2nd plat. "B" Co. .... Holtzclaw

## "Two Lunatics", One Act Play, Put on by Students

Yesterday in chapel the dramatic program for the year opened.

The play centered around two visitors in an asylum. They met and took each other for lunatics.

In the end all turned out all right as it always does.

The parts were ~~taken~~ delivered by two talented students Miss Ida Nell McKinnon and Mr. John Manley.

## Capt. Galloway has Mishap at Parade Thursday

As the Colors were dismissed yesterday after Parade, "A" Co., the Color Sgts. and the Color Guards almost exploded. As all of them were in ranks they could not laugh and the sight of seventy-four suppressed laughs was, to say the least, most comical.

\* The call for this near outbreak was a mishap of the acting Company Commander. As Capt. Galloway started to salute, his saber caught in his cap and neatly removed it from his head. He felt it leave and reached back to catch it but no cap appeared. He felt on his head, shoulders, back, and looked on the ground before he finally discovered it, poised on the point of his saber.

## Abraham Lincoln

Born Feb. 12, 1809. Died 1865

Abraham Lincoln was the sixteenth president of the United States; born near Hodgensville Ky. His father was a poor farmer and he had to work very hard when he was a boy. In the rude life of the backwoods, Lincoln's entire schooling did not exceed one year, and he was employed in the severest agricultural labor. There had been many stories told about Lincoln being such a hard worker. It was told that, with another man, he performed the feat of splitting 300 rails in a day, which gave him the popular name of the "Railsplitter". Later in life he lived by surveying land, wore patched homespun clothes, and spent his leisure hours studying law. He was admitted to the bar and elected to the Illinois Legislature for four terms. Lincoln gained his popularity while canvassing for Henry Clay and was later recognized as a leader in the newly formed Republican party. He was installed in the President's chair March 4, 1861. On the 14th day of April, 1865, Lincoln was shot by an assassin, and died the next day.

During the life of Lincoln the embryo of modern industrial society was taking shape. The history of transportation, of world colonization and world markets based on power-driven machinery, of international

trade, finance, and standardization weaned through the destiny of Lincoln. He wore home-made moccasins as a boy, rawhide boots from a factory as a young man, and dressed calfskin shoes in still later years.

Lincoln from a child on was intensely companionable, keenly sensitive to the words and ways of the people around him. The people their homes, occupations, songs, proverbs, schools, churches, politics and the chances that went always with Western pioneer life are the backgrounds on which the life of Lincoln moved, had its rise and flow, and was a moulder and moulded.

Every year as the 12th of February approaches we like to look back into the life and works of Abraham Lincoln. We should become more familiar with the life of Abraham Lincoln because he is recognized as one of the greatest presidents that the United States has ever had, and made this record by hard work.

## Why Salute?

Why do we salute senior officers? Why do we salute the National Colors and the National Anthem? Is it to show our subordination to the officer, the colors, or the anthem? I don't think so. Many of us are inclined to regard this very necessary custom as a useless, troublesome habit. We shouldn't do this. We do not salute our senior officer in order to show our inferiority to him, but to show our respect for and friendliness toward him. The same holds true for the flag. We salute the flag to show our respect for and loyalty to the country that it symbolizes. The same is also true for the National Anthem. When a senior officer approaches, the flag goes by or the Star Spangled Banner is played, we should be eager and proud to render the

## TECH GLEE CLUB COMING !!

Dahlonega and North Georgia College will be honored tomorrow night by a visit and performance by the Ga. Tech Glee Club. The Tech Songsters will perform at the College auditorium tomorrow night, spend the night in luxury at Zimmer's Lodge, and then motor out to Camp F-II Sunday morning and perform before the disabled heroes of 1917.

The Techsters are coming to the Gold Capital of the world without a guarantee. The only reward they will glean from this trip will be the change that Roy Bottoms will pick up at the door Sat. night. Your scribbler hopes that every student of North Georgia College and the High School and every citizen of Dahlonega will avail himself of the opportunity of this two hours of splendid entertainment Saturday night. A small admission charge of fifteen cents for college students and the Faculty and twenty five cents for outsiders will be charged. Let us hope that there will be a full house to greet the boys from civilization Sat. night.

## CARE OF OUR LIBRARY

One of the greatest assets on our campus today is our college library. It is one of which any college this size can well be proud of and in addition to this, we have Miss Strother, one of the best posted librarians in the state. She has taken course after course in library work, and under her capable and efficient supervision we should be able to profit most favorably in our library research work.

In order to profit most in this work, we will all have to go on an N.R.A. Code and do our part. The best manner in which we can "Do Our Part" is by the general care of the library books.

Make it a habit while handling library books to always:

1. have clean hands
2. remember that the pages are not rubber and when pulled out, wont immediately bounce back into place.
3. remember that you are handling other people's property and utmost care must be taken.
4. think of the one who will read the book, magazine, or paper after you- help care for it for the next reader.
5. remember that the life of a book is not eternal and that you are the one who determines the length of its life cycle.

Remember again to let's all go on a code and "Do Our Part", and our library cant help but be beneficial in every way.

## "A" Co. Freshman Parade

The greatest novelty of the year is scheduled for this afternoon.

Parades are common things but this event of the year is a parade, no more, no less. The part which makes it such a novel event is, that all officers and non-commissioned officers are freshmen from "A" Co. The following are to act as officers in the position opposite their name:

# PICTURES TAKEN FOR THE ANNUAL

MONDAY

Pictures taken for the annual Monday and Tuesday, Feb. 4th and 5th; Mr. and Mrs. Elliot of the Elliot Reechtree Studios in Atlanta, took pictures for the College Annual the "Cyclops". It is feared by many of the students that his camera is in foul shape.

Two poses were taken of each student who applied for the honor. On Tuesday, Feb. 12, Mr. Elliot will be back with the proofs. Each student is asked to select the picture he wishes to appear in the Annual. Unless Mr. Elliot has an extraordinarily deceiving camera, many may not decide.

The student body responded splendidly to the plea to have pictures made. There are still a few, however, who have not responded. They will have another chance when Mr. Elliot returns on Tuesday between 12 and 1 o'clock. All who have not had the shock are specifically urged to do so, as a full representation of the student body is greatly desired.

These pictures are to be a special feature in the Cyclops, yet there are still a few who have not even bought Cyclops'. These remaining few are especially urged to see Capt. F.F. Nicholson and arrange for one immediately.

PATRONIZE OUR ADVERTISERS

~~THE~~ The Nuggets of North Georgia College displayed a fine brand of ball last Saturday night on the local court when they defeated the deadshots from Reinhardt College 38 to 18. The Nuggets acquired an early lead which they never relinquished. At the completion of the first quarter the Cadets were leading 9 to 4. At the half the deadshots were trailing 17 to 6. At the beginning of the fourth stanza our boys had the Blue shirted lads from Waleska 31 to 13. During the fourth quarter Reinhardt rallied somewhat but our boys breezed on to an easy victory 38 to 18.

The cheering of the student body was all that could be asked for but when the "Big Bad Drum Major" from Cordele entered at the half the noise almost doubled. Let us hope that at the future games the cheering will be as good as it was last Saturday night.

Wednesday afternoon an hour before Retreat the Cadet basketballers motored over to Young Harris to take on Coach Dance's strong quintet. Before over five hundred spectators our lads went down in defeat in a terrific battle after a great struggle, 36 to 34. At the end of the first period the score was deadlocked 13 to 13, at the half way mark the Nuggets were leading the Union County lads 23 to 16, in the last half Young Harris closed in on the Cadets making seven field goals to the future soldiers' one, in the fourth quarter they continued to close in on us. With sixty-five seconds to go Young Harris tied up the game 33 all. Stewart sank a foul shot and the Young Harris aggregation dropped in a foul shot and a field goal to win the ball game 34 to 36.

Harold Hardy was high point man for the Nuggets with fourteen points and Dan Tate, All State forward last year, was second with 13 points. The play of these two lads has improved greatly since the opening of the season and in them Coach Stephens has two of the states best offensive men.

The officiating at Young Harris was efficient and our boys got a square deal. There is no alibi what so ever. The two teams were evenly matched and the deciding factor was that Young Harris preforming in her own back yard. When Young Harris comes to Dahlonega for a return game The Cadets expect to avenge their defeat of Wednesday night.

On Saturday night our boys will journey over to Demorest to encounter the Piedmont squad. On next Wednesday the Hiwassee College basketballers of Madisonville Tennessee invade Dahlonega for two games, on Wednesday and Thursday nights. On Saturday Night, Feb. 16 our lads encounter Cason Calloway's Mill team from La Grange at the College Gym.

The Nuggets have not met Piedmont so far this season but they are sure to encounter trouble when they meet the strong team from Demorest Saturday night. Earlier in the season the Nuggets split two games with the Hiwassee team in Madisonville, but when the Hiwassee aggregation invades Dahlonega next week The Nuggets should take both games. On the sixteenth when the La Grange spinners come here we are expecting our boys to win by a substantial margin as the Nuggets won at La Grange two weeks ago.

#### THE N.G.C. RIFLE TEAM

The North Georgia College rifle team shot for an average of 92.2 in the Fourth Corps Area matches last Thursday night January 31. Those men who shot highest for North Georgia College were: Maxwell, Dance, Moss and Tanner. Our marksmen are constantly improving, and with the Hearst Team yet to be selected, we may look forward to greatly improved firing by the competitors.

## Celebration of Georgia Day at N.G.C.

For the chapel exercises Tuesday morning the students of North Georgia College enjoyed a program commemorating the two hundred and second anniversary of the founding of Georgia. As speaker of the day, Dr. Rogers was fortunate in securing Dr. Pierce, Vice President of Berea College.

The program was opened by ~~some~~ some important announcements made by Dr. Rogers. They were followed by the audience singing "Come Thou Almighty King"

Dr. Rogers then introduced the speaker of the day, Dr. Pierce.

Dr. Pierce opened his speech by giving a few of the bright-lights of Oglethorpe's life. He then gave a brief outline of Georgia's early history.

This was one of the most remarkable programs that has been presented here.

## "No Parade To-Day"

On February 14, 1935 the parade was called off due to rain for the first time this year. Someone commented the other day that not a single parade had been rained out. Now they can change their statement. It is rather queer how the weather manages to be clear and bright every Thursday afternoon no matter how rainy it is in the morning. All the freshmen were really worried because they didn't go to parade. They enjoyed acting as platoon commanders very much they say. Well in order to please the freshmen the Military Department will see to it that no more parades are missed unless it is absolutely necessary. A most interesting parade is planned for next week. It has been rumored that Cadet Sgt. Fields will act as adjutant. Here's to bigger and better ~~parades~~ parades, old "Top".

1. The first part of the document is a letter from the President of the United States to the Congress, dated January 1, 1861. It is a formal address, and it is the first of its kind since the signing of the Constitution. The President, James Buchanan, is addressing the Congress, and he is doing so in a very formal and dignified manner. He is discussing the state of the Union, and he is also discussing the issue of slavery. He is saying that the Union is in a state of peril, and that he is doing everything in his power to preserve it. He is also saying that he is not going to interfere with the rights of the States, and that he is not going to interfere with the rights of the people. He is saying that he is not going to interfere with the rights of the States, and that he is not going to interfere with the rights of the people.

Taking Care of School Property.

One of the greatest responsibilities of a student is the preservation of school property and the campus. A thoughtful student does not run up and down banks and pull up the grass; he does not play tennis on the tennis court without wearing tennis shoes; he does not throw rocks near a building where he is apt to break a window. A thoughtful student takes care of the library books and periodicals; he does not tear them or get them dirty. In the laboratory he is especially careful; he does not waste the chemicals; he is careful with the apparatus; he leaves things alone which he knows nothing about.

Are you a thoughtful student?

### St. Valentine's Day

St. Valentine was a Roman Catholic bishop who was martyred in Rome in 270 A.D., on the fourteenth of February. This day has long been celebrated by Catholics and Protestants in a manner not at all serious, by Catholics and Protestants alike. Several explanations are given for the familiar customs of sending anonymous love tokens, cards of greeting and the like to one's favorites, and for the

various social activities connected with that day. Some say that St. Valentine was accustomed to go around from house to house, leaving food on the doorsteps of the poor, and that the custom of sending Valentine greetings anonymously developed from that. Another explanation connects the modern celebration of the day with the observance of the Roman festival Lupercalia, which occurred on February 15. At this time, so the story goes, each of the young men celebrated the festival drew from a box the name of a lady, to whom he was to be faithful for the ensuing year. It is supposed that this custom is the origin of some of the sentimental features of Saint Valentine's Day.

### A FULLBACK'S PRAYER

Tell me not in mournful numbers,  
'Tis my time to carry the ball,  
For that right end never slumbers  
And he always makes me fall.

Bill is tough, Jack is fast,  
Why not let them try again?  
Or why don't you try a pass  
and let it win the game?

Or anyway get someone else,  
Cause I am black and blue.  
Do you think that I'm a Celt  
And just as good as new?

Very, very anonymous.

## Why We Say "Patronize Our Advertisers"

Those who advertise in the Cadet Bugler are interested in its welfare and they have a desire for its future. They are interested in this college. If they are willing to help finance our paper every student of this school should be willing to help them.

Whenever you spend any money, ~~xx~~ think twice before you decide to which place you are going to spend it. Spend it where you think it will be most appreciated and a good way to judge appreciation is by the interest they show in this school and everything pertaining to it.

[illegible]

A day or two ago all the N.G.C. Cadets were dropping valentines for their fair ones. Some sent big hearts, some sent little ones. Captain Nicholson sent one of the biggest ones. Doc Lipscomb tied the package very neatly for the Captain and then the Captain started out. He first went into the College Inn where all the Co-Eds ran up to him and asked who's box it was. The Captain's reply: "I was sending it to my Mother for a Valenting". He then carried it to the Barracks and Had Blalock paint the address on it.

All the sophomores were extremely pleased at the appearance of "Betty Mc" on the stage. The theme of all her selections was "Love" very strange indeed. At the most tense moments--most critical, most highly romantic--Betty would give smiling glances about the audience. However most of these glances were cast toward the faculty section. We wonder why. Use your own imagination. Did you see the two who rushed on the stage to congratulate her immediately after the program?

Miss Ruth Crumley has invented a new way for going down library steps. Instead of walking down them she has learned to dive down them. She likes this new method very much because her boy friend has to help her pick up her books and usually he is kind enough to take them for her after the fall. Girls, you might try this sometime. Be very careful not to hurt yourself but make a big fuss so he will think you are hurt.

## HARDY AND STEWART LEAD NUGGETS TO VICTORIES

WYNN'S  
WIND

by bob wynn

### N.G.C. In Great Form

Coach Stevens seems to have had his boys in tip top condition this week and they are still improving in team work. The team that overwhelmed Hiawassee twice before large crowds of enthusiasts rooters displayed teamwork which is about 100% better than that shown in the last games before home audiences.

The greatest triumph of the year thus far came Saturday Nite when the 'boys in blue' took Piedmont for the well-known ride to the tune of 44-33. Hardy and Stewart were the high point men for N.G.C. while Getzen, Piedmont's 6 ft., 7 in. center, was the leading scorer for Piedmont.

Wednesday Nite the Nuggets overcame the Hiawassee team in the second half of a ball game which in the early stages promised to be a nip-&-tuck battle. The Nuggets played a steady, fast, heads-up game all the way through. The offense clicked equally well in both halves as they chalked up 23 points in each but in the last half they had a defense which was literally impenetrable. In the third quarter the boys with the bright yellow uniform from Hiawassee were unable to break through for even one field goal. The leading scorers for N.G.C. were again Hardy and Stewart with 20 point each. Stewart was the sparkplug of the attack, garnering 11 points while Hiawassee's high man was Higdon with 7 points. In the third quarter, Cox, Hiawassee's center

sprained his ankle. He was given ruffles and the crowd gave him a cheer. Taylor, who replaced Cox, led Hiawassee with 6 points in the last half, while Hardy hit the basket 6 times from the field for 12 points. During the game at intermittent periods Mulkey and Bill Harris amused the crowd with their clog-like antics.

Thursday Nite, Hiawassee again fell before the sharpshooters of N.G.C. From the start it was evident that N.G.C. was again in great form. Hardy began 'laying' them in at a fast clip and when the halfway gun sounded he had piled up a total of 12 points. The score at the half was N.G.C. 20, Hiawassee 10. Between halves plenty of cheering was done but the band was missed. The second half was almost a repetition of the first. Hardy shot 5 more field goals bringing his total for the night to 22. Black led the scoring for the opponents with 8 points. Another valuable member of the team, who like most guards is unnoticed because of lack of scoring, is Marshall DeFoor. This staunch guard is the backbone of the N.G.C. defense. When anyone gets by him or takes the ball away from him they've performed a miracle.

Another thing about this series with Hiawassee was the fine class of refereeing. Prof. Bush in the first game and Mr. Slate in the second did fine work.

Saturday Nite before the Officer's Club Dance the Nuggets are to play the Lagrange Athletic Club. This team has previously defeated the Atlanta Y.M.C.A. and the Jewish Progressive teams. These teams are considered among the best of Atlanta.

## N.G.C. GLEE CLUB TO OPEN SEASON

The North Georgia College glee club, under the able supervision of Prof. Desmond Booth will make their first appearance Monday night at Tate Georgia. The director of the Glee Club believes that this will be one of the best programs of the season. They are expecting a large crowd and we hope that everyone who has the opportunity will attend.

Among the special features of the program, there will be a quartet composed of "Rip Williamson", Tom "Alphabet" Brown, and Wayne Davis.

There will be a trumpet solo by Len Eastinger.

The greatest feature of the program will be a coperetta "Julius Sneezer". The cast is as follows:  
Sneezer-----Theodore Kennedy  
Brutus-----Wade Williamson  
Three Conspirators---Mell Booth,  
"Alphabet" Brown, and "Skinney"  
Davis.

## Welcoming Bob Wynn To The Staff By Will McArthur

The staff of the Cadet Bugler and the Sports Editor in particular take great pleasure in welcoming The Hon. Bob Wynn to the staff. Mr. Wynn will act as Associate Sports Editor and he will cover most of the athletic contests for the paper. He will conduct the column titled "Wynn's Wind by bob wynn" and through this medium he will keep the readers of the Bugler posted on the athletic program of the school.

No better choice for a sports reporter for the Bugler could have been made than Mr. Wynn. He is a lad of the highest moral character. He is a member of the Y.M.C.A. and he regularly attends B.Y.P.U. He has never been known to use any profanity what-so-ever. Also Bob is an excellent student. Through his High School career he maintained an average of above 90%.

From this description one would gather that Bob is a sissy, a Drug Store Cowboy and a Gold-brick all rolled into one, but

### Interesting Facts about George Washington

1. His Great-grandfather, John Washington emigrated from England about 1657.
2. At the age of thirteen he wrote out for his own use 110 maxims of civility and good behavior.
3. Washington was athletic in form, a graceful and expert rider, and fond of the wild life of the woods and encampments.
4. As a boy, he was not remarkable as a scholar, but was always military inclined.
5. He studied engineering, geometry, trigonometry, and surveying; in 1740 he received a commission as public surveyor.
6. On Jan. 6, 1759 Washington married Martha Custis, a young widow with two children.
7. At the outbreak of the Revolution he was recognized as the leading man in the colony of Virginia, and was certainly one of the wealthiest of the

colonists.

8. He was president of the Philadelphia Convention of 1787, which framed the Constitution.

9. Washington was unanimously chosen the first president of the United States.

10. He was unanimously elected for a second term as president, but he declined to serve a third term. This custom of serving only two terms has lasted until the present day.

11. On Dec. 12, 1799, he was exposed to the saddle, for several hours, to cold and snow, he sank rapidly and died on Dec. 14th.

12. His last words were characteristic. He said: "I die hard; but am not afraid to go. I believe from my first attacks that I should survive it. My breath cannot last long." A little later he said:

"I feel myself going. I thank you for your attention; but I pray for you to take no more trouble about me. Let me go off quietly. I cannot last long." After some instructions to his secretary as to about his burial he became easier, felt his own pulse, and died without a struggle.

13. "Light-Horse Harry" Lee said about Washington: "He was first in war, first in peace, and first in the hearts of his countryman."

14. He was a member of the Protestant Episcopal Church, but the exact nature of his religious opinions is a subject of controversy.

15. The father of our Country was never a father.

Nugget's Capture Three Victories

For the second week in succession the Nuggets have won three games without losing one. This week the unlucky victims were Lagrange 'Y' Young Harfis and Rhinehardt.

Sat. Night N.G.C. with Hardy leading the way with 20 points defeated Lagrange in one of the best games of the year. The score was 48-45 and during the entire game the score was never one-sided. Stewart with 10 points & Wansley with 8 points played fine games. Slaughter and Higginbotham led the "Y" with 12 points each.

Young Harris gave Dahlonga one of the toughest battles of the year during the first 1st. half. The score at the half was 24 to 24. in the second half the offence of our boys began clicken and the nuggets rung up 28 points while Young Harris only rung 10. Hardy was again the leading scorer with 18 points while Stthewert was leading him a good race with 17 points. Wansley the wild man, fouled in the last quarter but he shot 11 points while he was in there. One cause for the complete downfall of Young Harris in the last half was the loss of two regulars on account of fouls.

Wed. afternoon the Nuggets defeated Reinhardt at Waleskaby the score of 35 - 24. Stewart was the heavy artillery at Waleska. He shot 17 points. R. Boston led the opponents with 11 points.

The Piedmont game is to be played on the 28th of this month. This is one of the most important games of the season so lets all go out to see it.

Mr. Wynn's greatest athletic feats are in Base Ball. He was a member of the '32-'33 Jonesboro American Legion sandlot team. Also he was a member of the Jonesboro outlaw Basket Ball team in '34. Mr. Wynn is a pitcher of great ability. No less a personage "Tubby" Walton of Atlanta praised him for his playing in the Albany Sand lot game last year. Again we say "Welcome, Bob Wynn."

CADET BALL TO BE HELD MAY 24th

The cadet ball of North Georgia will be held on Friday night May 24. An effort is being made to procure Pete Underwood and his Atlanta Biltmore orchestra. This orchestra consists of fourteen pieces and a torch singer and it is famed for its smooth rhythm.

It has been suggested that Gov. Talmadge and other notables be invited as guests of honor.

The Frosh know little of the Ball, but the sophs maintain that it is an affair to look forward to.

Many invitations will be put out. Each cadet will have one, besides his own. He may give it to anyone whom he desires.

In all probability the Ball will be held in the gymnasium, as it is the only building which is accessible at present for the occasion.

HONEST BILL'S CIRCUS VISITS THE BIG CITY

The circus began arriving in town early yesterday morning, and at once became the attraction of the town and school. As soon as school was out it seemed that the battalion had formed at the circus ground; some even stayed so long that they almost had the misfortune of being late to parade. After supper the battalion again turned out to see the circus, and this time some were accompanied by fair co-eds.

It seems that the old gentleman with the policeman's badge and the billy-goat beard fell to two of our fair co-eds--he was seen kneeling down in front of Sara Young and Anne Pittard, and making ardent proposals.

The show went off smoothly. The act which was probably the best-liked was the pony act. The

The Value of Fraternities

Fraternities are among the most important institutions connected with college life. They tend to promote a sense of brotherhood and good will among the boys. They make a student feel his responsibility and duty to his fellow students. The boys are brought into closer contact with each other in Fraternities and thus life long friendships are made.

In the larger schools the Fraternity houses aid greatly aid in the rooming problem. The boy who lives in a Fraternity house is doubly fortunate. He has his 'brothers' to confide in; if he is in trouble, they are glad to help him out; if he has a problem which he cannot solve, they will assist him in solving it; if he is straying from the straight and narrow path, they will try to get him to realize his mistake and correct it.

A Fraternity has its many advantages and a Sorority is of equal value and importance to the Girls.

I should get up but I will lie here a little longer. I go back to sleep. Suddenly I am awakened again by the bugle. Dret thatthing! Why cant it let me sleep? I jump out of bed, pt on my cover alls, slip into my shoes and go down stairs out into the quadrangle. I am still half asleep. I somehow manage to answer my name. When it is called. Roll call is over and I hear those famous words: "Fall out and police up the quadrangle". I walk around in a circle; pretending I am looking for some paper to pick up. Then I hear that word that is music to the ears of all Cadets, "Dismissed". Reville is over!!!

All of the aforesaid actions go to show that I will undergo such tortures as Reville rather than get ten demerits.

Unless you try you wonder why Good fortune seems to pass you by.
Success is not for those who quail—

And then, with courage twice as great,
Take issue once again with fate,
Tis better far to risk and fall
Than not to make attempt at all.

INSPECTIONS

Three more inspections face the North Georgia college cadets. First, is the inspection to be held by the Riverside officers on Friday and Saturday of this week. They are inspecting in return for an inspection made by our officers at their school a few weeks ago--so we are expecting it to be pretty stiff. Also on Saturday comes the much talked about competitive inspection. This inspection will be between the three companies and the band; all three units are working hard in anticipation of winning. It is hard to prophesy which will win--but may the best company come out on top.

The following Monday comes the third, the one we've been looking forward to all the year--government inspection. This inspection does not rate just a company, but North Georgia College as a whole. the work may seem hard now, but come on boys and do your best!

The following Friday and Saturday are to be our days of rejoicing after our work is done. The battalion is going down to Atlanta to be in the Memorial Day parade. After the parade we shall have the choice of either staying in Atlanta or coming back.

Perhaps the work does seem hard now, but remember--there is always a silver lining--the trip to Atlanta.

NUGGETS WIN OPENING GAME, 5-3

Led by Meeks and Ragsdale N.G.C. won their long delayed opening game by a score of 5-3. Although the weather was slightly cold, Tate pitched a steady game. He gave up only eleven hits, and seemed stronger the last three innings than the first three. Meeks caught a steady game and got three hits out of four times at bat. Ragsdale played his position in fine style and also got three hits out of four times at bat.

The team as a whole played fine baseball for this time in the season. We seem to have a much stronger team this year than last year, especially as far as the outfield is concerned.

A fair-sized crowd was out to witness the game, but a much larger one is expected to turn out for the next home game. The opponent and date will be announced later.

Word has just been received that Prince, Tate, Oliver, and Russell have been declared ineligible for baseball by the Athletic Committee because of scholastic records. This cripples the team greatly and means that everyone will have to "get in there and battle" to uphold N.G.C. in baseball.

LET'S GO, CADETS

As we all know, the two most important inspections of the year come Saturday and Monday. There is only one way to make good on both of them and that is, WORK!.

The competitive inspection comes Saturday. The outcome of this one has a lot to do with the determining of the Honor Company. So let's work for the good of the company to which we belong, and let's work on this equipment until it is PERFECT!. Don't go back on your company commander!

Government inspection comes Monday. On that day we will uphold or let fall the reputation of North Georgia College. Let's work harder to uphold it than any R.O.T.C. unit ever worked to uphold its reputation. On Saturday we work just for our company, but on Monday we work for OUR school. There is only one way to make a success out of both inspections- that is, PUT OUT!!!

-----O-----O-----O-----

The only difference between a stumbling block and a stepping stone is the way you use it.

FAITES ATTENTION!!

Sometime ago in chapel a motion was put before the student body to decide whether or not the "Cadet Bugler" would become the official organ of the school. The motion passed, and in passing the motion the students agreed to pay 5¢ per room each month for the paper. This money goes only to pay for the equipment used in publishing it.

A nickel seems a small, insignificant sum to you, - hardly enough to bother about--yet, it means whether or not the paper will continue to be published. You have agreed to pay, now it is left up to you to do it. This small cost is 5¢ per room for a month or 15¢ for the quarter. Please turn your money in to either of the business managers as soon as convenient.

A CORRECTION

Last week the Cadet Bugler stated that Donald Rogers of Deepstep would not return to school this quarter. Just after this was printed, it was found that he would return Sunday to finish the term. We are indeed glad to have him back with us and hope that his unfortunately late start will not be too great a handicap.

-----O-----O-----O-----

The Speech Forum held its regular meeting Tuesday morning. Officers were elected with Callaway becoming president, and Idell McKinnon secretary. A debate on the subject-"Resolved, That capital Punishment Should be Abolished" followed. Callaway represented the affirmative and Ragsdale represented the negative.

R.O.T.C. INSPECTION A SUCCESS

Last Monday the North Georgia College Cadets went through a rigid inspection conducted by Colonel Reed, R.O.T.C. inspector for the fourth corps area.

The morning was spent in preparation for the event. Colonel Reed conducted two military classes—one of Basic II and one of Basic I. Both of these classes did unusually well. After the classes a practical examination was held on the field. A review and an inspection of equipment were first on the program; following these a very successful parade was conducted by the freshmen who acted as officers. The Col. seemed impressed with the unit and spoke very favorably of it. For the greater part the inspection was a success and N.G.C. held up its old "rep".

Next week there will be two inspections with Government inspection coming on the following week. Everyone is looking forward to them and hoping for success.

GLEE CLUB GIVES HOME PERFORMANCE

A very interesting concert was presented by the North Georgia College Glee Club in the College auditorium Wed. night, April 3.

The first part featured some numbers by the club, a quartet and two instrumental numbers. One of the instrumental numbers was a cornet solo by Mr. Lastinger. He was brought back twice for encores. He played "Whispering" with a muted cornet and, to use the words of one of the listeners, "It knocked the audience back on their flasks". The other instrumental feature was "Ye Olde Home Towne Bande". It consisted of three cornets operated by Mr. Lastinger, Mr. Booth, and Mr. Clung. Wade "Kneedeep" Williamson, the director, thought there was something wrong with one of the instruments. He thought maybe it was a cornet.

Between the first and second part of the program the "Ten Rythm Artists" entertained with two numbers "Black Moonlight" and "St. Louis Blues".

The second part was that well known opera "The Tragedy of Julius Sneezer". The opera was well sung and enjoyed by everyone.

CADETS, BE NEAT!

NEATNESS. In connection with a person this word means one who has enough self-respect to keep himself and his clothing clean. A lack of neatness conveys the impression of lack of respect for decency to the point that he will not keep the actual filth off his person.

A man or a woman may wear nice looking clothes, but if he does not wear them correctly or does not attend to small personal effects, the result is practically the same as if he were wearing old clothes.

Especially, with government inspection coming on, does this attention apply to cadets. They are continually being reminded of the importance of cleanliness and orderliness, yet at times there are a few who do anything but apply their training.

Shoes and puts should be given attention every day instead of only on days of parade, inspection, or church formations. Unshined puts create a feeling of laziness, shiftlessness, and carelessness of the impression he makes on those about him.

SO, CADETS? BE NEAT!!

.....and that reminds me-- I've got to go shine a guy's shoes.

If you don't believe it, and need further proof, go down to the athletic field and listen to the crack of that bat and the smack of the ball as it hits the mitt.

There were almost sixty candidates on the field for the first baseball practice, and although the number has dwindled considerably, there is still a sizeable squad at each practice.

The Nuggets open their season Friday and Saturday afternoons with the Oglethorpe Freshmen. These games mark the beginning of a long schedule of about fourteen games. Some of these games will be with Young Harris, Gordon, and Hiawassee.

Cadet Officers Inspect River-
side

Last Tuesday morning a week ago the cadet captains, accompanied by Captain Carlton, went over to Gainesville to inspect the Riverside Military Academy. Each captain held classes among the students. Some were in charge of Basic I and others in charge of Basic II.

The captains report that they asked every question they could think of that had been covered in the respective courses and that very few of the men failed to answer them. There is no doubt that Riverside is training her men well. It's up to us to make ourselves just a little bit better--- and we can do it!!!

INSPECTION ARMS!!!

With Monday evening came an end to the inspections by visiting officers for a while. During the last few weeks we have been exposed to the following inspections: R.O.T.C. Inspection; Inspection by Riverside Officers; Competitive inspection and Government Inspection. Now that these are over we will have a chance to recuperate.

The Inspections went off well and at no time was the "Excellence" record of the school marred. It is true that we failed to make one hundred percent on Government Inspection as was done last year but under the new system of grading it would have been almost impossible to repeat.

The Cadets have good reason to be proud of their showing.

The Riverside Officers said that we had the best rifles they had ever seen. They also commented on our other equipment.

The Riverside Inspection was constructive and aided us very much in that we felt much more at ease around the Government Inspector than the previous ones.

We still have Competitive drill to anticipate. We imagine that it will be held some time next week.

Friday comes the day of days (daze); we go to Atlanta. We expect a clear, hot day so we will feel pepped up for the three mile march. Although the walk may be hard the time is ours after it's over and then "WHOOPEE".

NUGGETS PLAY IN BARNESVILLE

The baseball team left Dahlonega Wednesday morning where they will play the strong Gordon nine two games.

Gordon has a perfect record this season having won six games and the Nuggets have a hard task on their hands when they try to mar this record.

Our team has been greatly crippled by having four players declared ineligible and one out sick. The old dependables; Meeks, Ragsdale and Tanner are still capable of leading the team on to a good season however.

Those making the trip are: Coach Stevens, Manager Fields, Meeks, Ragsdale, Tanner, Groves, Munday, Hobson, Wynn, Sirmans, Stevenson, Weeks, Galloway and Rigdon.

DRAMATIC CLUB TO PRESENT SECOND PRODUCTION MAY 17

On May 17, the Dramatic Club will go into action again. The play has not been selected yet but we are sure it will be good. The cast will be chiefly composed of Freshmen as the Sophomores are hard at work on "Before Morning" which is to be presented by a Sophomore cast as a part of the Commencement program.

The title of the Dramatic Club Play will be announced next week.

BE

Be what you're going to be. If you're going to be a cadet, be one; don't adapt any half-way measures. Don't let anything lead you aside. Why take military in a vague, haphazard sort of way? What's the use in being a lazy, shiftless man who takes military in a half-hearted manner? It doesn't get you anywhere and if you do not put all you have in it it will not get you anywhere. You would be better off if you had never seen a military college.

To be what you're going to be takes energy, it takes power, it takes vim, vigor, and vitality, and hard work. One who wishes to attain any goal must have backbone, be able to "take it" standing up, and last but not least, relentless persistence.

Unless a man is willing to work and work hard, he has no place in the military field. Shakespeare's philosophy in Hamlet, "To be or not to be, that is the question" never applied more aptly to anything than it does to this case. The question is-- if you are going to be a cadet, be one in the true sense of the word. Put all you have in it and make it go; be a cadet who is worthy of the name.

Swimming

Spring is here and summer is on its way. Again swimming has become one of the leading pastimes of N. G. C. The swimming fever has broken into the barracks and is spreading fast. Cane Creek Falls and the river where the old Gainesville road crosses seem to be getting the worst end of this swimming disease. It is rumored that a sign "No Girls Allowed" is to be posted on the river. Probably this is a good idea and may save someone a good bit of embarrassment.

Some boys who, up to this time seemed to be very easy-going have turned out to be veritable fish.--in more ways than one. Oh, well, what does it matter, they were suckers anyhow and probably feel very much at home in the water.

N.G.C. to Parade in Atlanta

The N.G.C. Corps of cadets will leave in trucks at 9:30 A.M. to take part in the annual Confederate Memorial Day parade to be held in Atlanta on the 26th of this month. The parade will begin at West Peachtree and Simpson at 1:30 and end at Oakland cemetery. Taking part in the celebration will be units from the National Guard, War Veterans, Red Cross, Boy Scouts, and other R.O.T.C. units from colleges and high schools.

When the parade is over, the military equipment will be turned in and leave will be granted to those who desire it. The truck will return to Dalton Friday night and bring back those who do not wish to go elsewhere. Everyone has been looking forward to this day for several weeks in anticipation of the pleasure they would get after the parade.

... Well! well! It seems to me I inppomised you something from last week, but I am highly disappointed to tell you that try as I might the details eluded me- I won't mention the matter for fear that it might be misunderstood... Yessir, ole Keyhole's identity was almost revealed the other day-somebody did some pretty close guessing but they haven't got him yet.

I won't have to tell you the name of the "B" Company Sgt. that "just can't understand that girl".... One of my feminine admirers(?), so I am told has unjustly accused one of the staff. When he asserted that he could keep a secret she immediately flew off with, No you can't! You publish them once a week in that ole newspaper!.. One more thing that has puzzled ole Keyhole is the reason for peoples' clamoring for scandal and them disliking it when they get it. Oh well, I guess such is life.

Isn't it just too bad that O.D.'s can't leave the school grounds? A couple, evidently more friendly toward each other than just casual acquaintances, almost wore a path around the tennis courts Wednesday.

"A word to the wise is sufficient"- My warning last week was evidently heeded, for either everyone has been very good this week or has done well to conceal their weak moments. Better luck next time.---

CADETS FROM NORTH GEORGIA COLLEGE MAKE WONDERFUL SHOWING IN THE CONFEDERATE MEMORIAL DAY PARADE IN ATLANTA ON APRIL 26th.

The finest showing made by the Cadets of this institution in many a day was the one made in Atlanta on the 26th of April.

Here is what Major General Geo. V.H. Moseley, the Commanding General of the Corps Area 1, has to say, "I reviewed the Confederate Memorial Day parade and I was especially impressed by the fine appearance of the lads from your college. They were so uniformly equipped, so alert, so military in their appearance that I said, when I left the parade, I would write you, giving my impression. Practically all the other organizations in the parade came from this locality, but your lads had a long ride to make in reaching the parade formation. Notwithstanding that, their appearance was ideal and I want you to know that they made this most favorable impression upon the officers reviewing the troops..Will you please extend my congratulations to Captain Kirby Green, to his assistants, and especially to the lads themselves."

This letter was to President Rogers and was dated April 30.

Many complimentary remarks were heard all along the line of march about the "Kadets from Dahlonge".

AND NEXT YEAR WE MEAN TO MAKE IT MUCH BETTER.

The Band is complimented by a musician from Atlanta who saw them in the parade. Below is a few of the things written to Prof. Angelsberg by Mr. W. Ritter, the president and owner of the Ritter Music Company of Atlanta::

"I wish to congratulate you on the fine showing made.--This band of yours to my opinion was the neatest and best looking outfit in the parade and their playing was just wonderful for a college band.--Keep up the fine work and I sure hope to be able to see and hear them play again in the near future."

The above is from one of the best musicians in the entire South.. Hats off to Prof Angelsberg and the Band!!!

-THANKS-

We all wish to thank the following men to Dahlonge for giving us transportation to Atlanta on April 26th:

AN INTERVIEW WITH THE SHOWMEN

You can't keep a good school
down-and this proves it.

One of the cadets was talk-
ing to Mr. Thompson, the general
manager of the Beers Barnes show
which was in our town Wednesday,
and the cadet happened to ask Mr.
Thompson what he thought of the
school and the town. Mr. Thompson
had nothing to go by except his
impression of the cadets and the
looks of the town, but he said
that the cadets were very well
mannered and that he thought the
town was "swell".

Next the cadet interviewed
Mr. Barnes, the owner of the show.
Mr. Barnes said that the cadets
were as nice a bunch of boys as
he had ever seen. He said that he
was with a show that had played
in Dahlonega for a week about six
years ago. He said that at
that time he had seen a
deal of the students of this in-
stitution and that he was favor-
ably impressed by their actions
as well as by their town people.

You see, fellows, we have a
fine reputation and we have giv-
en the school a good reputation.
It is up to us to uphold this
standard. When you are tempted

CHAPEL PROGRAMS

Tuesday- Tuesday morning the Ten
Rythm Kings gave some very enter-
taining music. Some of the numbers
played were: "Soon", "On The Isle
of Capri", and the program was
closed with the "Saint Louis
Blues", which was an encore number.
We wish to congratulate Professor
Booth and the Ten Rythm Kings on
really good orchestra that they
have put out this year.

Thursday- Thursday morning a con-
cert was given by the band under
the leadership of Professor
Angelburg. The band has improved
very much since the first of
school and is now a first class
band. Everyone thoroughly enjoyed
the program.

NUGGETS LOSE

Wednesday and Thursday, the
24th and 25th, the Nuggets lost
two games to Gordon in Barnesville.
The second was a very close game
with Gordon winning 2-1.

Last Wednesday the baseball
team lost another tough one by the
one run margin. This time another
ninth inning sprint by their op-
ponents was the cause of defeat.

The game began with a flurry
of errors by which both teams
were donated three runs. The score
was close during the entire game;
but N.G.C. with Nesbit on the
mound, seemed capable of taking
the game as they were hitting
rather freely. The score was tied
in the ninth, but Young Harris
connected with two hits and the
game was over.

Galloway, with 4 for 4 led the
hitting. Tanner, Mundy, and Raggsdale
connected for two hits each.

Letter From a Girl to a Last Year's Graduate

Dearest Toots,

Will you really be up for the gala occasion, May 24th? I'm sure all the cadets (captains and lieutenants included) will be standing on their left ear waiting for a chance to hobnob with you one a two steps.

Did you notice that Atlanta was topsy-turvy last week-end? We heard that our boys- along with some other "Boy Scouts"-- really painted the town red after the Memorial Day Parade.

Did you know that that adorable captain you are so crazy about is giving all the girls in the barn a chance to bite- well--- I'm a fish, too--I'm holding my breath till I get my turn.

Also one of our fair lieutenants is casting his bait--I wonder if she'll bite.

Darling, get this picture of romance in the Spring, won't you? ---green trees, "moss", and a fair damsel.

"In the spring a young man's fancy lightly turns to thoughts of love"-- Oh, how true, how true! But, Toots, honey, we still hold our own, don't we?

Another Debate is being planned for the commencement program.

Everyone is urged to attend the meetings of the Forum. These meetings are held every Tuesday and Thursday after chapel in Prof. Dismukes room.

.....Hello, folks! Back again with a few casual items.....

...Jane and Nunnie shadowed T. T. Boggs and J. Hardy all over Hotlanta Friday afternoon after the parade---they finally brought home the bacon (or was it the hams?).....Johnnie Mahley got a letter from an old flame who is in Boston now---is Lucy coming up for the Cadet Fall, John?

.....it is told that Bowers came out on top in Hotlanta last week-end..... Little Gene Grubbs was there also..... Earnest Phillips and "Lucy's little" Johnnie should get together--a certain young lady watching the parade couldn't see Earnest, but Johnnie couldn't see her!!.....

.....Prof. Logan's car seems to be one "junk" ahead of the sheriff.....Gid Tanner says no week-end is worth the hang-over--not if it's just seventeen miles from Hotlanta anyway.....

.....Ten High seems to be a dolla now.....J. B. V. F. D. G. Brown likes the 3. & W. circuits..... Charlie is vigorously denying all the bad rumors that are coming back from Farnesville. It sure is funny how active people's imaginations are when they are away from home.....Well, folks, that's all this time, but "make hay while the sun shines" for it isn't long till school's out.

NORTH GEORGIA COLLEGE BAND PRESENTS CONCERT

Last Sunday afternoon at five o'clock the N.G.C. Band under the direction of Prof. F. Angleberg presented an excellent concert in front of the Price Memorial Building. There was a large crowd present and they all seemed to enjoy the grand showing our boys made.

Prof. Angleberg and the Band are to be congratulated for the good work they have done this year.

Sunday afternoon is an ideal time to get out in the open and listen to good music so we hope that the boys will perform regularly at that time. It is really worth while to come out and hear them play.

We cannot hope for better concerts but let's hope for more of them.

WHAT ABOUT IT BAND?

CHAPEL EXERCISES

TUESDAY: Tuesday morning Prof. Dismukes' "Speech Forum" had charge of chapel and gave a debate on the subject, "Resolved: The State Dry Laws Should be Repealed in Georgia". The Affirmative speakers were: Fred Ragsdale and Johnnie Calloway while opposing them were Lloyd Kardell and D.P. Johnston.

The speakers were well matched and the debate was enjoyed by everyone.

The affirmative came out on top by a two to one vote.

COMPETITIVE DRILL

Due to bad weather competitive drill which was scheduled for Apr. 20, was run off May. 8. The weather was ideal for such an event.

On Monday the band went through the maneuvers and on Wednesday the companies were exposed to the critical gaze of the inspector. The drills were good and went off very smoothly. They were as close as could be expected and it is hard to predict which will be the honor company. The drill conducted by Capt. Green was very thorough. It was one of the most scientific drills that we have had.

There is one more inspection yet to come. It will be all probability be the deciding one.

ORCHESTRA & GLEE CLUB TO SO. GA.

The N.G.C. Glee Club and Orchestra under the direction of Prof. W.D. Booth of Adel Ga. have gone to Tifton to give performances this weekend— Last nite the Glee Club gave a program, and tinite the Orchestra plays for a dance.

The Boys left yesterday morning and will return tomorrow nite. It is hoped that all will return safely.

Prof. Booth and the members of the Glee Club and Orchestra have ample reason to believe that the trip will be a huge success. No group of boys have ever worked more faithfully under a more enthusiastic and hard working instructor.

More power to these organizations and their director.

MOTHER'S DAY

Once a year comes the day that
we have set aside as the day on
which to remember our mothers.
the grand persons that they are.
On next Sunday, May 12, Mother's Day
will again be with us. On that day
let us try to visualize the hardship
and suffering that our mothers
endured for us; let us think of the
sacrifices that they made for us.
On that day let us try to understand
the faith that our mothers have in
us. They sincerely hope and believe
that we will someday succeed; and
in the future let's try our best to
justify their belief in us, for
their sake if not for our own.

Some of us have mothers who
have passed into the "Great Beyond"
,but we can at least cherish and
revere their memory of them.

Let's all who are fortunate
enough to have mothers who are
still with us send them some
token(some candy, flowers, a letter,
or even a postcard) of our
affection for them and to let them
know that we haven't forgotten them.

SORORITIES

Students come to college to
learn and to live. To live one
must learn how to conduct oneself
in the company of others; must
appreciate others' viewpoints;
and must learn the value of friend-
ship. How can one do this by
constantly being in the company of
only one or two special friend?

In all the universities and
small colleges, the boys have the
privilege of fraternities; of
having somewhere to go after class
hours and an especially nice place
to spend Sunday afternoons; of
having a house where they can meet
and talk of all things near to a
boy's heart.

The girls, on the other hand,
cannot go anywhere Sunday after-
noons --riding, walking, sit in the
the drug store(it is common to
sit in the drug store over thirty
minutes at a time) or on any day
go to the frat houses, even if
accompanied by a champion (Beg-
gordon, we meant chaperon). How
many times have the girls been
reminded that they are university
women, and should conduct themself
s accordingly. Well, if such be
the case, why not give them the
rights of University women--
the right to sororities?-----

COURTESY ON THE TENNIS COURTS

As in all things, there too
is such a thing as common decency
and courtesy on the tennis court.
The rights of others should be just
as much respected on the court as
anywhere else.

Anyone who hogs the court
is as great an offender of common
courtesy as the man who drives in
the middle of the road. Anyone
who keeps other people waiting
for hours while he and his friend
play a spectacular match of single
is violating the rule of common
courtesy.

NUGGETS PLAY HIAWASSEE

Friday the Nuggets journeyed to Madisonville Tenn, where Fri. and Sat. they will attempt to better their already excellent season record with two wins.

The team has been hard hit by sickness and eligibility rules after a good beginning and has lost the last three games played. Two of these were lost when their opponents scored one run in the last half of the ninth, breaking a 1-1 tie with Gordon and a 7-1 tie with Young Harris.

The team has been hitting and fielding consistantly, but the pitching has been rather spotty. (Editor's Note: Mr. Wynn's Modesty) after a slow start Weeks has been rattling the fences, and a great deal of long range hitting is expected of him in the remaining games.

Mon. the Nuggets are to cross bats with the home club of Dahlo-nega. It is rumored that Capt. Green and Coach Stephens are going to divide the pitching for the Lions while Stevie, Weeks and Wynn will be on the mound for the College.

CHAPEL EXERCISES

(cont. from p. 10)

Thursday: After a few announcements concerning Graduation by Prof. Sirmon the program was turned over to Prof. Cain, who gave a talk on "Ye Olde Commencement". This talk gave the history of the school and described the commencements that were held during the first years of the College. These commencements were compared with those that have been given in later years. Prof. Cain will instill in Commencements that following that the graduates had years ago. Lets wish him success and assist him in all ways possible.

"HOBGOBLIN HOUSE" TO BE PRESENTED TONIGHT BY DRAMATIC CLUB

The N.G.C. Dramatic club will present "Hobgoblin House" at the college auditorium tonight at 8:30. This play has been pronounced good by those who have seen it. There has been an unusual short time available in which this play might be produced; also sickness has prevented one of the actors and also the director from taking an active part in the production. However in spite of these handicaps, the other members have worked hard, and the show "will go on". Mr. Booth, the director has ably taken the place of Mr. Dismukes, who cannot be present because of his illness.

The story begins with two young boys, John Manley and Allen Thomason, in love with two pretty heiresses, Delle Morgan and Jane Sapington, who are not of age to receive property. Their hard-boiled Aunt Priscilla, well-played by Frances Turner, does not like the boys and will not consent to give the girls their inheritance. Many inexplicable things begin to happen, eerie sounds are heard, weird figures appear from nowhere-until all of a sudden--

The show starts at 8:30 so be sure and don't be late!.

THE APPROACHING COMMENCEMENT

Two prominent Georgians have been secured as principal speakers at the sixty-third commencement exercises of the North Georgia College. The commencement sermon will be delivered Sunday Morning June 9, at eleven o'clock by Dr. J. McD. Richards, Present of the Columbia Theological Seminary, Decatur Ga. The commencement address, at ten o'clock Monday morning, June 10, will be delivered by Mr. Preston S. Awkwright, President of the Georgia Power Company. Mr. Awkwright was a former student of North Georgia College, having studied here a year and a half before transferring to the University of Georgia.

An important day for the cadet will be Friday, June 7, at 8:30 there will be a contest to determine the best-drilled cadet and then those will be followed by a drill and inspection competitive between the companies. These activities will precede one of the most impressive events of the year-the final parade.

The complete program of commencement events follows:

May 24, 9 P.M.: Military Ball

May 25: Rex Home Coming

June 3-6: Final Examinations

June 7, 8:30 A.M.: Individual and Company Prize Drills

DRIVE CAREFULLY

Reckless driving is the cause
of most of the deaths of healthy
persons in the United States to-
day. This dangerous practise
should be stopped!

We boys, here at school, who do
not have a chance to drive a car very
often, are always tempted to "step
on it" when we get a chance. We
shouldn't let ourselves be over-
powered by this temptation.

Remember, when you are driving
a car which contains passengers
other than yourself, you have
lives in your hands as well as
your own. Whether you realize it or
not, you have a great responsibility
resting on your shoulders. Remem-
ber also the menace a speeding car
is to pedestrians. You might be
the cause of a death of a little
child and have the horrible memory
with you for the rest of your life.
If you must drive fast, wait until
you are alone and will have no
chance to endanger anyone besides
yourself.

Most accidents are caused by the
"nut" that holds the steering
wheel. What we need is more WRECK-
LESS and less RECKLESS driving.

CADETS GO ON RIFLE RANGE

Thursday, May 16th, the N.G.C.
Cadets went on the range to try
their skill with the rifle. The
firing will extend over a period
of a few days and will be carried
on only in certain periods.

This year the shooting is be-
ing done with .22 caliber rifles
as compared to the .30 caliber
rifles last year. This change is
due to the lack of ammuntion for
the latter (that is, in sufficient
quantities). The firing is being
done from four positions: prone,
sitting, kneeling, and standing.

Five shots in each of these
positions will be for practise
and five more in each position
which will count as record. We
have a few men who are excellent
shots and there should be some
keen competition for high score.

Again the question arises of
the honor company. The average
scores made by the companies
will count in the final ranking
at the end of the year.

Nuggets lose to Hiawassee

Last Friday the Nuggets went to
Madisonville, Tenn. They played
two games and lost both by score
of 5-0, 8-4.

In the first game Bailey allowed
the Nuggets two hits which were
made by Ragsdale and Stephenson.
The Tenn. team got seven hits
and with the aid of several errors
obtained four runs.

The second game seemed going to
Dahlonggaas they had a 4-1 lead
in the sixth inning. Tanner pitched
a steady game until the sixth
when errors, one or two bases on
balls and a double by the oppos-
ing shortstop gave Hiawassee seven
runs.

Well, after all my worrying the boys did get back from South Georgia with their shirts--I guess love didn't pass me by--- (So he says).

What with getting twins mixed up, staying out with another fellow's girl until after intermission, meeting up with all the old flames, and a night on the river----I guess they had a pretty good time.

SOUTH GEORGIA TRIP A SUCCESS

The Glee Club and orchestra both gave fine performances to appreciative audiences in Tifton last week-end. Prof. Booth, the director, and Sergeant McConnell, the business manager, are to be congratulated upon the fine work they've done this year. The boys also come in for their share of credit for the fine performances they have given.

The Glee Club, while not only entertaining themselves as a sideline from their regular academic work, have entertained others and have been able to take several trips at no expense to themselves or to the college. This is a splendid record and may it be maintained next year.

MILITARY BALL EDITION

MILITARY BALL TO BE CLIMAX OF COLLEGIATE SOCIAL YEAR

It has been customary in past years for the North Georgia College cadets to entertain with a formal ball. The affair is one of the climaxes of the year, a bright spot in college life, and one to which everyone looks forward. It will be held at Alumni Hall, which has been cleverly decorated during the past week.

Coach Stephens has charge of the decorating, and with the help of almost all of the freshmen and many of the sophomores, he has completed a difficult task, well-worthy of praise. N.G.C. and R.O.T.C. plaques adorn the walls and are cleverly placed. There are also many beautiful decorations around the tables at which refreshments will be served.

The event will begin at nine with a receiving line composed of Mr. George B. Hamilton, the guest of honor, President J.C. Rogers, Captain Kirby Green, Captain Chas. Carlton, Captain Paul Hutcherson, and the cadet officers with their dates. Following the reception

of the guests will be the grand leadout in which the cadets with their dates will lead out in order of their military rank. Dancing, to the music of Bill Manley and his orchestra from Atlanta will come after the grand procession. Mr. Manley's orchestra has a good reputation for rhythmic music and all attendants of the affair are assured of a good time whether they dance or not.

There will be four regular no-breaks to which will be added an N.G.C. special and a sophomore special. In the former only the male students of the college will be dancing, and in the latter, only the male sophomores.

During the dance there will be a floor show in which three young dancers will give a performance consisting of a regular tap dance, an acrobatic, and a military tap dance.

The music and the dancing will last until two o'clock at which time all official festivities will be ended.

A letter from a Girl to a Last
Year's Graduate

...well, well, well, back again but without much to do...all the little boys and girls are being good...or maybe they are saving up for the big fling-ding tonite...however kaydets and coeds—I'll be there too...if you see someone over in the corner wearing dark glasses, a slouch hat and a black overcoat—it wont be me... I may hide in the stag line, I may be one of the wall flowers, I may be the gayest of the gay, I might even be hidden in the decorations but—I'll be there...Kimzey must have fallen for one of the University of Ga. coeds seen flitting around last week end...he was out until 1:45 anyway...speaking of Kimzey the question arises, "Does he sot that beautiful wavy hair?"

...I hear that he does...Dean Weeks has some good stuff for Military Ball...ask Bottoms...Lt. "Gid" has tried and triod but no third eye—prob of appreciable size has appeared as yet...also froshmen may call him "Gid" tonite...after intermission...which one of the "X" girls does Meeks have a date with?... "Gid" and "Stowed" (pardon me I meant Stewart) take care of the rest of the "X" trio...Georgie Galloway and Charlie Fields are a little touchous about page three of this reg...we only hope they dont touchus...Charlie says that he wont throw rocks over the court house this year...and dont you froshmen be surprised when you see "le petite Irishman" in a tux... and they tell me that he was even making eyes at Paulk's girl in Tifton—watch out, Nina, she'll be here this week end...we can just hear the heart of the young lady from Valdosta go pit-a-pat when she sees the result of the facial the "B" Co. captain got Thursday nite...we notice that many stalwart escorts are sending

Well, well, folks!! Here it is another week. I hear by the grapevine telegraph that some one is trying for my place in the Bugler. Well, I'll tell you the truth. I've been holding out on you/ I wonder what those boys who have been getting those proposals will do. It seems that the same person is sending them all! One person can't marry a half a dozen, at least not legally. All the cadets didn't fight fire! Some of them started fires (heart fires).

Do you know what made Dr. Rogers give the girls a talk? Should I say started to? Well anyway, I know, but the editor will not let me print it. What is this I hear about Rushin being a round headed rooster? May'be you had better ask him. And he reports that Wynn's name is lipstick.

Cupid must have used a 30 Cal. when he shot Lastinger. In fact, Lin only lives to be near Francis (or have I got it backwards But from the looks of things it's mutual.

So Snooks can't take it--she should take lessons from the Editor. We still wonder what became of the cream pitchers over at the barn-- Who is this Fool-proof that dates at the barn?

The Editor of the Cyclops taught Capt. Green a new formation -- Column of Co's.

Frances Turner says Freddie gives her the tummy ache. "Hot" Harris is wearing Charlie's buttons Watch out Ruth!!

WYNN'S WIND by bob wynn

We don't know about the particulars of last week's games but N.G.C. won one and lost one.

The Nuggets lost the first one by a two point margin. The score was 27-25. The long ride probably just took something out of them and they just couldn't hold the lead.

The Saturday night game was another close, hard-fought game and this time the Ga. boys held an edge of two points on the Tennessee mountaineers. The entire team played good basketball and didn't get back to Dahlonga until after church formation so we feel that all of them were amply repaid for any disappointment incurred while in Madisonville. We had better retract the former statement- Deacon Russel was on the trip.

Tomorrow nites games with the Monroe Aggies should be a nice little scrap. Let's all go down and help the team out with a little noise.

PIEDMONT DEFEATS CADETS

The scrappy N.G.C. Cadets out-fought but failed to outscore the more experienced five from Piedmont in the N.G.C. Gym last Tues. nite.

In this game we saw one of the gamest fights ever staged by an N.G.C. team end in a rally which brought her from behind her most hated rival by 12 points to within 6 points of victory when the final whistle blew. The game was the typical N.G.C.-Piedmont fight. The Cadets jumped into the lead at the outset and held it until their more experienced opponents broke through with several successive field goals. This scoring streak gave the boys from Demorest a lead which they never entirely relinquished.

The entire team played good basketball and certainly showed the traditional old N.G.C. "Fight"

Tomorrow nite the Cadets go to Demorest and we are "Out for blood". A load of the cadets may go along and help out by using their lusty youthful lungs to show the Cadets on the court that they are not alone in "Them strange parts".

ON TO PIEDMONT

Last Fri. nite the Cadets broke the nine game winning streak of the Monroe Aggies. On Sat. nite however the Aggies nailed out hides on the wall to the tune of 24-16.

Wansley and Hood led the Cadets in the scoring while Hyder topped all scoring with a total of 10 points for the Aggies. It seemed that this Hyder could work magic when it came to shooting. He could turn the ball loose anywhere and it would find the basket.

FRESHMEN SLEEP IN UNIFORM WEDNESDAY NIGHT

.....

The longed for day came Wed. Freshmen got their uniforms. Their faces beamed like full moons.

A little later the time came when all freshmen were to see in uniform. This was adequately attended to by some considerate sophomores. A little later the time came when all freshmen were to see in uniform. This was adequately attended to by some considerate sophomores. As you're probably already guessed there was a reason for all this trouble; freshmen were required to sleep in their uniforms.

Some freshmen looked rather uncomfortable as each seemed to want to try to make a night cap of their overseas cap.

In spite of the fact that the wool uniforms afforded considerable warmth there was a large amount of cover used which formerly rested in lockers, trucks, etc.

Some freshmen had the idea that the uniforms scratched. Of course no one could figure out the origin of this idea. Maybe 1 of the 125 or 150 freshmen who wouldn't wear underwear started this preposterous idea.

Of course everyone had a fine night's sleep as there were frequent inspections by sophomores to facilitate that.

HALLIBURTON HERE TONITE

Tonight in the College auditorium, will appear a widely known author, lecturer and adventurer, Mr. Richard Halliburton. In his early youth he was possessed by the wonder of adventure and romance in every section of the globe, encountering experiences almost unbelievable. His works of travel and adventure are known through out the nation and in countries abroad. They are inspired with the zeal of living, never becoming boring, uninteresting or monotonous.

A man with such force of character, vivid personality and so full of rich experiences will be of great interest to and profoundly respected by the students of N.G.C.

WELCOME HALLIBURTON

On behalf of the student body of N.G.C. and the people of Dahlonega we wish to extend a cordial welcome to the internationally known globe trotter and adventurer, Richard Halliburton, who will lecture on his adventures and experiences tonight at 8:00 P.M. at the College Auditorium.

RESPECT YOUR UNIFORM

Cadets, show proper respect for your uniform. Wear it with pride, with your head lifted high, for it is a symbol, an undisputable sign that you are a legionnaire for Uncle Sam, that you are a red-blooded, patriotic American youth who holds sacred his loyalty to his nation and that you are a member of the legion who would die for the sake of their native land.

Show respect for your uniform by wearing it properly, by wearing it correctly at all times. Never adopt an attitude of indifference; be always precisely correct. Be sure at all times that all buttons are fastened, that the collar is buttoned, that the ends of all strings are out of sight and that the shirt and trousers are worn so that they will be snug instead of sitting loosely.

Take pride in your appearance, in your appearance in uniform; for your undeniable appearance affords a good basis on which to judge a man.

Remember, Cadets, that your uniform is more than an article of wearing apparel; that it, just as our flag, is symbolic of the strength, power, and prestige of our nation.

DRAMATIC CLUB STARTS NEW PLAY

The N.G.C. Dramatic Club started the year off right by beginning on the first play. The new production is entirely different from all the last years plays. It is Girl Shy, a comedy drama in three acts. The plot is set around a group of students of a small college. The date has not been set as yet but it will be announced next week.

SPEECH FORUM MEETS

The speech forum met Thursday morning after Chapel and had a business meeting followed by a short program. The program consisted of short talks by Mr. Farrer and Mr. Millican, on the subject "How A Speech Forum Should be Run".

After the talks an impromptu discussion was held on the merits and demerits of the speakers.

Chapel Programs

The Orchestra gave a program Tuesday morning in Chapel. It sounded excellent considering the length of time they have practiced. One of the best numbers was "All by Myself" or, to be more exact, "Solitude".

Thursday the Y.M.C.A. and the Y.W.C.A. gave a very interesting program. It was topped by a Cornet solo by Lastinger.

 FLASH***FLASH***MID TERM REPORTS TO GO OUT

Yes, Cadets and Coeds it is sad so sad but true so true these tests that are coming off now are not all in vain. Next Friday the Midterm reports go out. Although they do not count on the final grade they serve as a warning so lets bring them up to the top.

WYNN'S WIND

by bob wynn

Yes, the big scrap for the s
supper will be staged Monday nite.
It should be quite a lively one.

Let's go down and see what happens.

Wednesday night of this week
Eamnst Holdt's outlasted Owens'
team and entered the finals. His
opponent in the big game will be
the team led by Wensley. This team
was defeated in the first round
of the tourney but staged a rem-
arkable comeback by overcoming an
early lead and defeating Weeks
team in the best game of the tour-
nament xxxxxxxxxx to date. This
game was tied when the gun sounded
and it took two extra periods to
untie it. The Margin of the Victory
was one foul goal.

The intramural Tourney has
succeeded in arousing quite a bit
of interest, but we don't know
what kind of material has been
uncovered. That is Coach Stephens'
problem now and if past performances
mean anything, he can handle the
situation in fine style.

Just as this column goes to
press we find that Wensley and
Weeks will have to play their
game over. The date is Monday
night at 7:00 P.M. This will be
one of the fastest games of the
tourament. Because of this the
finals will probably be postponed
until Wed. night.

DRAMATIC CLUB PRESENTS

GIRL SHY

You simply can't afford to miss the play "Girl Shy" that the Dramatic Club is producing Friday night, December 6, at 7:30 P.M. It is just packed full of fun and enjoyment. You will laugh yourself to death at John Manley and Fred Bolding who play the part of two College boys at a fashionable coeducational college. Mr. Tom Arsdale (John Manley) wants xix to marry. Mr. Arsdale (Roy Fendon) who is the father of Tom Arsdale wants him to marry a home town girl (Lillian Banks). He is extremely girl shy and does not want to marry this girl, so dear old Ose Simpson (Fred Bolding) comes to the rescue with a plan, and what a plan! It involves the silly College poet, Alfred Furgatoyd (Erskine Rice), a rough customer, Chuck Mayo (Charlie Fields), old Jean Marlowe (Jack Liddell) and many others.

The play is in three acts and all the thrills, laughs, and fun in general will be more than worth your twenty-five cents so get that equipment cleaned up Friday afternoon, come out Friday night and forget your troubles in laughter.

-o-o-o-o-o-o-o-o-o-o-o-o-o-o-o-o-o-o-o-o-o-o-

Harvin Davis of Camilla, Ga. has left school to go with his family to Honolulu. Every one is sorry to see him leave for all had learned to like him in the short time he was here.

FIRST INSPECTION

The first competitive military drill and inspection this year will begin on Monday, December 9. "A" Company inspection and drill will be at the regular drill period on each of the above dates, although the written tests will be in the military classroom at convenient periods.

Capt. Kiro, Green will have charge of this inspection, and the other two inspections, one in April and one in June, will be in charge of disinterested officers.

First, Capt. Green will inspect arms, belts, etc., somewhat similar to our Saturday morning inspections—but stiffer. Then there will be platoon drill, followed by squad drill by one squad in each platoon. Sgt. McConnell has prepared about 150 questions from the freshmen military text, and Capt. Green will have questions from the sophomore text. As he goes into the military classroom, each man is given a question. When he answers his question he is excused from the room, and his inspection, drill, and test are over.

The outcome of these inspections are very important in determining the Honor Company for the year. By far more weight is placed on these three competitive inspections than any other factor in determining the Honor Company. The averages of each man or company is not made known. These averages are kept on record in the military office.

Every man that has any pride in his company will work hard this week-end on military so as to be well prepared for the inspection next week.

A small fire in Room 30 of the barracks caused a bit of excitement among the cadets Tuesday before dinner. The fire started in some mysterious way, was in a closet belonging to Wade Watson.

There was much more smoke than blaze, but the flames did considerable damage to the clothes in the locker, destroying most of them completely.

It was not definitely determined how the burning started, but it is believed to have begun from a cigarette ashes dropped by Watson while looking for something in the locker.

ENTERTAINMENTS

After chapel Tuesday morning, Coach Stephens advanced an idea that will turn out fun for us all if it is carried out. This is his idea: that every boy, on his return to school next quarter, pay what might be called an entertainment fee of \$1.00. This money will be kept as a fund for student body entertainment.

This is one program that might be used if the students like it: at least two dances with the College Orchestra playing, at least two socials, and two picture shows, or a boxing tournament, or some other athletic contest.

There will be at least six entertainments for \$1.00 and if that isn't worth your money, you should be put in the pen for hogging.

However there is only one way to put it over and that is for the students themselves to get behind it; so come around and tell the Bugler Staff or tell each other what you think of it.

The cold weather seems to gotten here at last. The weather man promises us a snappy winter this year, so don't get caught unprepared.

There ought to be some hot competition in that inspection next week with both companies drilling every afternoon.

CHAPEL TUESDAY

Coach Stephens gave one of his interesting talks, this time the subject being Character Building. Coach stressed five main qualities and explained very logically how necessary they would be to an individual possessing them. These qualities are as follows: LOYALTY, SPIRIT, HONESTY, TRUTHFULNESS, and FAIR PLAY. Coach pointed out that even a little of trying to obtain these qualities would be helpful.

Though Thanksgiving was only last week, it seems as if it were three weeks ago. However it is only two weeks after this one until we get out for Xmas holidays. There aren't many who can tell you the exact number of days

That play the dramatic club is putting on is beginning to look pretty good. If they keep on improving, they'll be a real treat Friday night.

The Orchestra is going to sponsor and play for a dance Friday night in the gym. It's the first time they've played for a school dance this year, so here's hoping they give us a good show, and we know they will.

Well, well, well, here we go for another episode of the low-down on the kaydets and ko-ed of this grand old institution (Institution)...Thanksgiving left circles under the eyes of about everyone...possibly even "George Wash" Wardell and Billie Bart... We have heard reports that Manly took up skating while in Thomaston; also that he didn't do so well...and what is that about Manly losing his spurs while there... Tittard is doing some "night work" now....FLASH FROM THE OUTCAST ----- Frances Turner is trying to get Ida Nell McKinnon's place in the Dramatic Club this year...Bill Harris is still after Wayne Morgan's Place... Better watch out, Elinor, you'll lose your hold on Freddie...It's too bad we can't print that picture of Lastinger and Frances... Where and how did Bowers, Barker, and Rushin get the decorations?... Blondie dropped the telephone on his foot the other night-- maybe he don't know how to "Operator"... Why do youse guys and youse gals like the view from the Chapel tower so well?... Speaking of Bowers, it seems that he is losing his "Hold" on Gillam.... Overheard on the campus the other day, "Daddy, Daddy, I want you to meet my boy friend."--Now at least you should know where you stand, Clark... He thought that "Top" Field was going to West Point, but it seems now that he is studying to become a barber..."E" got his own Capt. Charlie is a ladykiller plus--he even had Kat W. crying for him the other day.... Alford is teying in another direction now-- he rates a date every night this week with a certain Miss Head, BUT, George will be back.... Ask Margery if she stopped to drill any this Thanksgiving.... Lot L. was evidently trying to rate a first Lt. this year--- it took Bill quite a while to retrieve his buttons... Well this is about enough to spill this week, so until next time, I'm

The Staff sergeants, first sergeants and all other sergeants met not long ago and organized a Sgts. Club. They elected their officers as follows:

President-- 1st Sgt Bowers
V. Pres.-- 1st Sgt McFenzie
Sec&Treas-- Sgt Egges
Sgt at Arms-- 1st Sgt Haddon
Chaplain-- Sgt. Funderbark

They decided to ask Sergeant McConnell to become a member and the Secretary wrote him a letter to that effect. His reply was received yesterday and he stated that he was very much honored and would be delighted to join.

There should be a good program for the Christmas if everything that is planned goes off as expected. There is some good fun planned for us then.

Sports Guests

We noticed that "Stuffy" Stewart, one of the main cogs in last years championship machine, is here for a few days visit.

It seems now that the quality of the reserves on the basketball squad will be so good that in some cases it will be hard to distinguish between the first string and the reserves.

We rather like Coach's idea of having a couple of athletic contests during the winter quarter, along with the dances and socials, besides the regular basketball games.

Too, if we are to have any intramural boxing, etc., as it has been rumored, it is about time for something to be getting under way.

The Y.V.C.A. is coming along fine this year under its leader Bob Wynn. The members have taken part in two chapel programs, and have with the V.R.A. jointly sponsored two vesper services on the campus, and have made one reputation to Toccoa.

In the meeting Wednesday night, plans were discussed for adopting a new constitution, also for getting state and national recognition. The members are squarely behind this and are going to keep on until they get it.

More plans for a Christmas program were decided upon and are being carried out. With the present members and those who are continually joining, The Y.V.C.A. is really going to accomplish things this year.

MILITARY INSPECTION

The first competitive drill and inspection began Monday morning, Company "A" going to the drill field to be inspected and Company "B" taking the theoretical test in the class room. Wednesday the Band went to the drill field, and Company "A" took the theoretical test. Friday will be the last day of the inspection. Company "B" goes to the drill field and the Band takes the theoretical test. Everyone would like to know the outcome of this inspection.

Because of the loyalty of the boys to their Company Commanders, in hopes that he will receive the honor sash, every cadet is doing his best to have his equipment perfect and to know the questions which he has been given. Although it is not known who will win the inspection everyone hopes that it will be his own company.

After this inspection all equipment will be turned in and military will be discontinued until after Christmas.

The many friends of College Inn will regret to learn that it is closing Saturday. Jimmy and Joe Haynes, who in the past have run College Inn, have in more ways than one been helpful friends of the College students. We can in all sincerity say that we are losing true friends when this establishment closes. They have been faithful advertisers in the Cadet Bugler, and the Bugler staff appreciates what they have done for them. We wish them much success in whatever line of business they may undertake.

ANNUAL CHRISTMAS PROGRAM SUNDAY NIGHT

A program of Christmas Carols will be presented in the College Chapel Sunday evening, December 15, at 8:00 o'clock. There will be no admission charge.

The chorus of sixty voices will be composed of the Boys' Glee Club and the Girls' Glee Club. The Y.M.C.A. and the Y.W.C.A. will have charge of the devotional. Old familiar Christmas songs will be sung.

The features of the program are a trombone solo by Tom Boggs and a tenor solo by Erskine Rice. This is the first appearance this season of the Boys' Glee Club, under the direction of Prof. Booth, and the first appearance ever of the Girls' Glee Club, under the direction of Prof. Dismukes.

A large number of townfolks and students are expected to attend this program and enter into the spirit of Yuletide.

When a man helps you several times, it's time to help him at least once, isn't it? When a man helps several times to make it possible for you to have a Cadet Bugler to read, wouldn't you like to show your appreciation by patronizing his business at least once? It would be only playing fair, so, students, let us ask you to visit and trade with the men who have stood back of us from beginning to end.

THE DRAMATIC CLUB

One of the best indications of a good school is the amount of school spirit demonstrated by the students. The Cadet Bugler wishes to extend its thanks to the Dramatic Club for its production of the play "Girl-Shy". All students who have participated in any form of dramatics realize that it demands and takes a large amount of time and real work.

A dramatic club is an almost invaluable asset to any institution, and we noted with pleasure that the famous N.G.C. school spirit which has carried us to victory and borne us up in defeat in athletics was demonstrated last Friday night in that a large percentage of the students attended the play and added their moral support to the cast.

Again we wish to thank the Dramatic Club for their production and we believe when we say this we are wholeheartedly expressing the opinion of the entire student body.

CHRISTMAS PROGRAM LINE

Saturday night the students will be entertained in the college gymnasium. The fun will start at 8:00 P.M. and the Social Committee has charge of the program. Prof. Bush will take charge of the start with a story of Christmas.

Following Prof. Bush, Profs. Eakin and Dismukes will have charge of the singing which will be done by those present.

After the singing Santa Claus will take charge of the Christmas tree program. Everyone will receive a present and then the fun begins and lasts until 2:30. After the activities in the gym, both fraternities-- the Rex and the Sigma Theta-- will hold "Open House" for everyone who wishes to come. All festivities will officially cease at 12:00 P.M.

SARGE ENTERTAINS SGT.'S CLUB

Sergeant McConnell entertained the Sgt.'s Club Wednesday night with an oyster stew supper. Fats, Snacks, and drinks (nothing strong) were abundant. Everyone was highly amused at the results of "gold fishing". Everyone had a string attached to his plate and when he hauled in the string there was some object attached to the end that had some appropriate reference to some past action of the recipient. All enjoyed the repast and wouldn't be sorry to have another soon.

THE MUCK-RAVE

by Pvt. Lives

Nothing much happening this week..... The campus club is beginning to be reorganized...
 ...Thank goodness Sylvia got all the way into her costume last Friday night..... Ways seem to be very interested in model airplanes lately-- perhaps that is better than setting a trap for little birds that might overbear.
 ...It's tough that Ann and Margie had to be sick on the same day-- also what was the argument about at noon? Another of those cases where neither one could afford to lose... Barge is certainly getting generous--- we hope the company commanders enjoyed their oyster supper at 9:15..... Is Capt. analogy really "Girl-3hy"? He hasn't been seen with the girl with the creamy eyes lately.
 Why-the indifference?.... The members of the orchestra enjoyed the play very much in the second act.... Harris and Cornto faded into the background last week-end...(X)night work is getting the best of Pittaro.
 ... How will McCants and Morris rate when Dyer comes home?.....
 ... Another question; who is going wrong--- Holtzelaw or "Ho-" Harris?... Margie also turns up sick-- too much "rushin"... Furt is scratching to overcome the "grip".... Tibwell has an ample supply of "grip lotion" it is said..... The "Pocce" gives very appropriate gifts, and useful-- ask Davis.... Parker is attracting quite a bit of attention in the class he holds for June Woodall in P. M. I..... Turner and Lastinger seem to have a bit in common, too
 ... and why does Freddie give Frances the tummy- ache everytime she sees him?.... We hear from the weather man that it will be "apple blossom" time in Dalton before long.... You can always be and on our weather man.... Here's wishing you a merry Xmas and I'll be looking for and at

STUDENT ORGANIZATION

A student organization which has apparently taken deep root this year is one, which in every way, is voluntary, student-governed, and open to all young men students of M.C.C. is the Speech Forum. It is an informal open forum for the purpose of promoting an interest in public speaking among the students.

The officers of the Forum are: President- Bill Morris; Vice-President-- Erskine Rice; Sec. and Treas.-- Lloyd Mariell. A constitution has been drawn up and accepted by the Forum.

We understand that new members are welcome and anyone desiring to become a member should get in touch with Mr. Morris.

Cold Facts and Hot Air

The five players who constitute the first string were issued uniforms last night. They were Wansley, Stewart, and Oliver--sophomores; and Martin and Cook--freshmen. Two of the first five were among the varsity team regulars last year and the other was a valuable reserve.

Thesday night the team practiced against the local high school team.

After this we'll have to have several pep meetings to get the traditional N.G.C. spirit rampant again.

Petrie's White Hussars at N.G.C.

A finely staged and highly enjoyable musical program was presented last Saturday afternoon in the college chapel by Herbert Petrie and his White Hussars.

The show was far better than any we have seen this year. The entire show was a chain of wholesome humor, good music, and snappy presentation.

All of Petrie's artists are of outstanding note. Petrie himself was solo cornetist in John Philip Sousa's Mival Band and Al Sweet's Singing Band. Music by the Hussars was featured at the dedication of the New Hall of Religions at the Century of Progress Exposition in Chicago. The Petries have toured the U.S.

and Canada for the past seven years and have played at the outstanding schools and colleges and clubs. The pianist (you know) was featured at the English Village at the Century of Progress Exposition, and she distracted nothing whatsoever from the program.

We believe that the Director of music at Texas Tech was right when he said of the Hussars,

"Their brass playing was magnificent; and their program, in variety, snap, co-ordination, graciousness and execution was all that could be desired."

MODERN ART EXHIBITED AT N.G.C.

An exhibit of modern art, by well known American artists, came to N.G.C. by express Tues. and was placed in the chapel building to be viewed Tues. and Wed. In all, about \$5600 was the value placed on the collection. We should consider ourselves lucky to have the opportunity to view this collection.

The University of Va. and the University of North Carolina borrowed the paintings and started this travelling museum of modern art. We are greatly indebted to them for their initiative and we are sure that much interest along these lines has and will be stimulated in the southern colleges which the collection visits.

Some of the favorite paintings are: Mountain Town in Vermont by Hibbard, Rochelle by Brahma, Tall Pine by Estlin and Gray November by Moore.

We were pleasantly surprised to find the way the Cadets and Coeds took interest in the exhibit. Maybe we do have a slight artistic nature after all.

At a meeting of the Freshman class yesterday Mr. Erskine Rice was elected Editor of the '37 Cyclops and Mr. Billy Andrews was elected Bus. Mgr. They will be on the staff of this year's annual as Ass. Editor and Ass. Bus. Mgr. respectively.

Registration Postponed

Registration for the winter
quarter was postponed four days
on account of the ice and snow
on the roads.

The news was broadcast over
radio station W S B in Atlanta
and printed in the three daily
papers there. It was received
with much enthusiasm by most
of the students but a few just
couldn't stay away and returned
Thursday. However, all the prelim-
inaries are over and we are all
down to work in dead earnest.

BORROWING

There are a few simple rules
about borrowing which, if we
will remember them, will avoid
trouble and unpleasantness and
even perhaps the loss of a valued
friendship.

First, borrow as little as ~~xx~~
possible. Some people don't mind
lending their possessions, but
most people would rather not.

Second, take the best possible
care of anything you borrow and
return it promptly. If there is
anything that annoys most people
it is to lend a book or pen
or pencil and have it come back
showing the effects of careless
treatment.

Third, remember your, "Please"
and, "Thank You". Anyone is more
willing to lend something if the
request for it is polite and the
thanks are sincere.

Fourth, don't borrow at all
unless you are willing to lend in
return. We all know the type of
person who is perfectly willing
to borrow but finds some good
excuse when he is asked to lend ~~x~~
something of his.

These are four good rules so
lets try to follow them.

PHOTOGRAPHER FOR CYCLOPS HERE MONDAY

The photographer will be
here Monday to take pictures
for the '36 Annual.

"We hope that all
students will cooperate by
having pictures taken so we
can get the entire student
group this year," says Mr.
Manley, the Editor. "The
girls will pose with drapes
furnished by the photographer
in order to give a more uniform
appearance. The boys will, of
course, wear dress uniform
with white shirts. All ornaments
will be shined and all necks
washed," further states the Editor.

INTERESTING ART BOOKS IN THE LIBRARY

Miss Strether tells us that
there are several books on Art
in the library. Since the exhibit
of Modern art which was here
this week has aroused much
interest in this line we give
you a list of a few of them:
Modern art; the men, the movements,
the meaning. by Thomas Craven.

Speech Forum

The Speech forum of N.G.C.

has started the new year with many new plans.

The forum will, some time soon, assume a new name.

All the boys in school are cordially invated to attend the meetings and,if they see fit, become members.

This quarter the forum will specialize on bringing some humor into their speeches. These will be chiefly allong the impromptu line.

We hope that the whole school will take an interest and make it a bigger and better club in '36.

PICTURES FOR CYCLOPS ARE TAKEN BY GASPAR-WARE STUDIOS MONDAY

On Monday and Tuesday of last week Mr. Gaspar, of the Gaspar-Ware Studios in Atlanta came here to photograph the students for the 1936 cyclops.

There were four different poses made of each person and when the proofs come the students are to select the one they like best to be put in the annual.

1218 had their pictures taken and we feel sure that the majority of them will be good, because Mr. Gaspar's charming features were obliged to make them smile.

We sincerely hope the Cyclops of 1936 will be an overwhelming success and the pictures will add much to its success.

-----J. M. /

BATTALION PICTURES TAKEN

Pictures of the battalion for the Cyclops were taken at the regular drill period Wednesday. The first picture taken was the battalion in line of Companies, then the battalion in line of Companies, the Companies being in column of platoons. A picture of the cadets gathered around the colors was taken.

Pictures of each Company and each platoon were taken in the quadrangle.

The cadets were dismissed at 1.30 for banana pudding, etc.

COOPERATION

Cooperation is one of those things which is always talked about and is practiced so little that very few of us know the real meaning of the word. We have seen examples of a lack of this "Thing" quite often; on the drill field, in the barracks in the classroom and in many other places but we saw one of the best examples of cooperation in its high light Wed. night when the Cadet Corps turned out to answer the fire alarm. As soon as the fire fighting equipment arrived and the call sent out for volunteers to go in inside to stop the flames there many more answered than could be used. Those who could not be of any assistance in any other way did the best thing possible-they stood back out of the way.

If we would show more of that old spirit in our daily work we could do much better in every way.

DRAMATIC CLUB APPLICANTS TO SEE PROF. DISMICKS

The Faculty of N.G.C. will be represented at the teachers meeting in Valdosta this weekend by Professors Anthony, Logan, Dismicks and Simons.

Although general work will go on as usual, some of the students are rejoicing at the prospect of some vacant periods.

BUGLER TO SPONSOR LIMERICK CONTEST

Starting next week the Cadet Bugler will sponsor a limerick contest.

All limericks must be original and will be placed in the box to be placed in the library for that purpose. Ask the Librarian about it.

The following are a few weak tries made by the staff. Read 'em and weep and improve on them for next week.
